

CEMETARY OF CARELESSNESS  
MAKE EVERY WEEK FIRE PREVENTION WEEK

Wednesday, October 6th, 1976 - Vol. 17 No. 40

## Council hammers government for no action on roads

St. Albert council was vehement in its criticism last Monday night of the Alberta Government in the way it has been handling St. Albert's access problems with Edmonton.

There was talk of long delays by Government in providing answers to road improvement requests.

And at one point after Councillor Rod Thronson pointed out to Mayor Dick Plain that annexation would not help cars (within) the

next six months, Mayor Plain suggested that council itself should get out and fill up the potholes on the troublesome access roads.

The flare-up against the Alberta Government came as council mulled over a traffic report from the Grimble Consulting Group which told of serious delays on the St. Albert Trail since the first week of September.

The report points out that this has made the situation on 170th Street worse as

traffic uses it to move away from congestion.

### WILL GO TO PREMIER

Council is going to make its plight known in high places on its transportation problems. There was general approval of a motion to approach Premier Lougheed and the MD of Sturgeon for upgrading of 170th Street, 137th Avenue and 156th Street. Council also wants Please Turn to Page 2

## Fyfe warns against zero growth in St. Albert

"No growth will slap us right into the arms of Edmonton," said Councillor Myrna Fyfe at St. Albert's regular council meeting last Monday night.

The comment came during a discussion on bylaw 33/76, which would authorize the town to enter into a development agreement with Nu-West Development Corporation as it proceeds with a project of 124 multi-family residential units near Grandin in Village. The bylaw received two readings.

The project is specifically located between the Canadian National tracks and Sir Winston Churchill Avenue about half a mile south of the town's industrial area.

There are plans to get the basements and services in soon with the rest of the units being built over the winter with occupancy slated for next year.

The proposed development did not go down too well with Councillor Margaret Smith, though not because she was against the principle of condominiums in that area.

She asked council to wait for some months on the project as she was concerned about putting large numbers of people in the area, as well as the traffic and access problems this would cause.

Answering this call for a delay later in the discussion, Coun. Fyfe saw in it the danger of advocating a policy for zero growth.

She pointed out that two years down the road, zero growth would only confirm St. Albert's (poor) climate of industrial and commercial development, and it would push "us one step closer with Edmonton."

Councillor Barry Breadner said this was a distortion of St. Albert's position "as we are not advocating no growth."

Mayor Dick Plain, in light of the discussion, said it would be less than likely to freeze developments, but Coun. Smith countered that she was only suggesting care in the number of developments as they came on stream.

Coun. Breadner approved this viewpoint.

Coun. Smith reminded council that no member had any more insight than another (on the growth question) and Councillor Rod Thronson said he would have been happy to see Please Turn to Page 2

MYRNA FYFE

## Armed robbery at Lacombe 66

At approximately 9:30 p.m. on Tuesday, September 28, the Lacombe Park Pacific 66 Service Station was robbed of \$403.00. The money consisted of bills only. One of the robbery suspects was carrying a silver bar-revolver which had a black frame, both suspects had nylon stocking masks.

The service station attendant, Louis Chartrand, was forced to lay face down on the floor. The money was removed from the cash register. Chartrand was not injured.

One of the suspects was wearing a white jacket and one was wearing a grey-green waist length jacket. The case is still under investigation by the St. Albert RCMP who are soliciting any information from residents in that area.

The revolver may have been thrown away in the area of the service station. It is requested that residents bear in mind should their children locate such an item they notify the St. Albert Detachment. Please Turn to Page 2

## Where To Look...

|                                    |            |
|------------------------------------|------------|
| MLA on Transportation              | 7          |
| For the Gals                       | 9, 10 & 11 |
| Steinhauer to open Day Care Centre | 13         |
| Entertainment                      | 14 & 15    |

Many of our working readers will be enjoying a holiday this Monday, October 11th - Thanksgiving Day, but the Gazette would like to remind its customers, that our office will remain open all day Monday. All deadlines will be adhered to over the holiday, that is: 9:00 p.m. Monday for all display advertising, and 12 noon Tuesday, for all classified advertising. HAVE A GOOD, SAFE HOLIDAY.

A TIMELY REMINDER for Fire Prevention Week [October 3 - 9] of the fate in store for both property and property owner alike if simple fire prevention tips are not heeded. This "ghoulish" scene is just outside the St. Albert Fire Department on Sir Winston Churchill Avenue.

## Post situation in St. Albert like Mill Woods

St. Albert council was quite aghast at its regular meeting last Monday night when it realized that it has a "Mill Woods" on its hands regarding postal deliveries.

Prompted by a letter from Lance Pepper of 304 Grandin Village who expressed displeasure at the postal service he was "receiving" in St. Albert, the town investigated the situation with the following results.

Large areas of St. Albert, particularly developing areas, are not getting door to door deliveries and there seems to be little provided in the way of mail boxes to make up for the deficiency.

Areas of St. Albert not getting door to door mail service are Akinville in the Alpine Boulevard and Akins Drive locality, phase two of the Grandin Condominium development, the area in and around Butterfield Crescent, and also the Laydon Drive, Larose Drive and Giroux Road sector of the town.

It goes without saying that council passed a motion to help residents get mail delivery to their homes and letters will go out to the new Postmaster in Ottawa and also MP Marcel Lambert and Premier Lougheed.

Mayor Dick Plain termed the situation as "totally unacceptable" and put the responsibility for the situation on the Federal Gov-

ernment's restraints program which has frozen manpower requirements in the postal service.

## Public input requested on playgrounds

"Play" is an important part of every child's growing experience. Play activities can nurture the child's total development - his creative, social, emotional and cognitive, as well as physical growth. But in order to achieve these benefits the design of the area in which the 'play' takes place is very important. Playgrounds of either the creative or adventure type should be well located, well planned, well landscaped and situated on good land.

Many groups and individuals in St. Albert have expressed concern and interest in the play facilities, or lack of them in the town, and in response to this public concern the St. Albert Parks and Recreation Board will be hosting a public meeting on Wednesday, October 13 at 7:30 p.m. in the Library Annex. The purpose of this meeting is to invite the public to assist the Town of St. Albert in the development of playgrounds.

Mayor Plain said he knew it was parochial, but perhaps there had been no reaction Please Turn to Page 2

The meeting will feature a slide presentation and a guest speaker, Mr. Don Naffin of the Department of Parks, Recreation and Wildlife, who is particularly concerned with playground facilities. A manufacture of playground equipment will also be present to describe the kinds of apparatus available for playground areas. One of the aims of the meeting will be to work toward a consensus on the type of equipment which should be installed in the playgrounds planned for St. Albert.

This is an important meeting for anyone concerned with the play areas provided by the town. This is a meeting where the plans will be laid and the first steps toward the development of creative and adventure playground facilities will be made. This is an opportunity for the residents of St. Albert to take part in the planning stages. If you are interested, be sure to attend.

## hammers

Cont'd From Page 1  
improvements carried out on 149th Street and 156th Street from 139th Street north, and the worst sections of road it would like to see graded and gravelled before freeze-up.

But what drove Mayor Plain almost to the point of more or less giving up the ghost was a statement from the recent Alberta Urban Municipalities convention by Minister of Transport Hugh Horner.

The mayor quoted the minister as saying that his department would build no more by-passes - "if you left it to the planners you would have one in every city."

"We are slated with substantial problems if everything tries to go through St. Albert," said Mayor Plain.

He added that such a government policy would mean that St. Albert would have to have a major reappraisal of its own transportation policy.

CHARGEX MASTER CHARGE

What also frosted Mayor Plain was that St. Albert is larger than five Alberta cities, but it is excluded from additional road improvement monies.

"I do not care if the minister calls St. Albert an improvement district as long as we get the money," the mayor stated.

Councillor Gary Wettsch was incredulous about the story on the town's request to the province for two thirds arterial road funding, and funds to help improve Hebert Road and Sir Winston Churchill Avenue.

The original request had been made February 13 this year, no reply was stated as being received by July and still there had been no reply to the request.

"I am starting to wonder if there is a provincial government," said Coun. Wettsch, and he wanted a representative from the Department of Transportation at the next regular meeting of council.

He felt that some extraordinary action would be required if St. Albert was to have its request granted pointing out a little later "we can travel from Montana to the North West Territories but very soon we may not be able to get from St. Albert to Edmonton."

### MLA BLASTED

Mayor Plain referred to the St. Albert MLA as opposing City Status (for whatever reason) and this was "just a political exercise."

And again in context of the claim that the MLA had blocked city status twice, Mayor Plain said it had been plain fighting for a year trying to get the \$650,000 road funds, then warning that if St. Albert was to enjoy better roads, the money would have to come out of the general levy.

Councillor Rod Thronson deplored playing the "town-city" game saying that the only losers were the people of St. Albert, and that if the government wouldn't do anything about it, St. Albert would have to.

Mayor Plain feared that St. Albert would be in the same mess next year on the problem of road improvements

and alternative access.

He called for the worst roads (eg. 170th Avenue) to be upgraded before freeze-up.

### VOLUME UP 10 PERCENT

The report from Grimble and Associates mentions that there's been a 10 percent increase in traffic volumes between St. Albert and Edmonton in the last 12 months.

Construction of the 170th Street/156th Street alternative access is termed critical, and this is made even more critical as it may not be completed till September 1978, according to the report.

When that two lane access is completed, the report goes on to say, both the St. Albert trail and the access will be at capacity in the peak direction.

The report also marks a 9.3 percent increase in traffic on Hebert Road in morning and evening peak hours since September 1975. This is due to development of the Brae-side and Ainsdale areas.

Further increases are likely to occur in the next 12 months, the report says, making congestion significantly worse.

It says queues have been observed extending from Highway Two east to almost Cunningham Boulevard during morning peak periods.

The Grimble report says that severe (traffic) congestion is likely during winter 1976/77, "especially considering the terrible standard of maintenance on the gravelled portions of 170th Street, 137th Avenue and 156th Street."

In another suggestion, the report points out that the St. Albert Area Transportation Study recommended the building of 149th/156th Street additional access in 1978.

Traffic volumes just obtained, together with the projected development of Woodlands and the industrial area, indicated that this roadway should be built to meet that timetable.

## Mill Woods

Cont'd From Page 1  
from Edmontonians transferring to St. Albert) because they had been used to a poorer level of service anyway.

Councillor Barry Breadner called for an adequate door to door service, or adequate mail boxes for the developing areas of St. Albert.

Mayor Plain said he was not overly optimistic about a reply he'd seen from the Postmaster to Mr. Pepper and "if we operated the municipality this way we'd be hung from the lamp posts."

"Imagine 600 more families coming in," exclaimed Councillor Margaret Smith at this point.

Mayor Plain said that those delivering the mail in St. Albert were most distressed at the situation.

Following is the text of Mr. Pepper's letter to council:

I am writing this letter in order to convey my extreme displeasure with the postal service I am receiving as a citizen of St. Albert, Alberta.

My wife and I moved from an apartment in Edmonton on September 1, 1976 to a recently purchased Condominium in phase 3 of Grandin Village in St. Albert.

Now, having moved into a new home, one would assume that mail service would be provided.

This was our first mistake. There is no door to door delivery in this area. Upon inquiry, we discovered that the reason for this is because of a federal freeze on postal monies. We were told, however, that individual boxes for mail had been provided at a prescribed location.

We went to the location described and discovered approximately one dozen boxes, all with locks, which indicated that they were all in use. As there are in excess of 100 condominiums in this project, it would appear that there are a large number of taxpayers living here who do not have any sort of mail delivery.

I returned to the post office and was told I would have to pick up my mail in General Delivery until someone moves and a box becomes available. I became somewhat upset at this time, but did ask if it was possible to put my name down on a list for a box.

I was told this was not possible as boxes are available on a first come first serve basis. As there are approximately 80 other families competing with me to obtain the first available box and a box will only become available if the holder moves from Grandin Village, the odds certainly seem to be stacked against me.

As a taxpayer, do I not have a right to assume that by paying taxes and moving into a government approved developed subdivision I am entitled to mail service? If not door to door, then at least provision should have been made to put in enough boxes to accommodate the residents in the area?

Both my wife and I work in Edmonton and due to traffic, we cannot get into St. Albert before the post office closes at 5:45 p.m., therefore the only mail pickup is on Saturday morning between 9 a.m. and 1 p.m. Talking to the postal officials here in Alberta at times takes on the impression of banging one's head against a brick wall. For this reason I am writing you for perhaps some sort of solution.

In closing I would like to say that this may seem petty to you and may seem unimportant but both my wife and I as young "voters" feel that it is important, and so are very anxious to hear your replies and possible solutions.

If we haven't heard from you in the near future, we will assume the letter has been lost somewhere in the mail.

LANCE PEPPER,  
Grandin Park.

## Fyte

Cont'd From Page 1  
slower growth 12 years ago, "but you have to have some growth."

Coun. Smith time and again emphasized that no one on council is able to formulate a percentage or per capita growth rate. She said she was not prepared to do this "but I try to judge as an individual and have some kind of consistent pattern, as we find a (situation) which we can cope with."

That situation she figured

St. Albert could cope with would be around 1700 more people a year.

She complained that St. Albert continued to grow residentially, yet it still found it difficult to change its tax proportion from six per cent industrial and 94 per cent residential.

Coun. Breadner pointed out that "some years ago we had a 20 per cent growth rate and 10 per cent in the last two years and this is still excessive."

He said he did not support a rate of growth till there was reasonable rationale to support it. "My seat of the pants analysis is as good as the next guy's," he said.

## Fire Prevention Week

This year Fire Prevention Week falls in the week of October 3rd to October 9th which is the end of this year's activities and the start of another year. The citizens of St. Albert are invited to drop in to the open house at the Fire Hall during this week to view the display pertaining to fire prevention. The men on duty will be only too glad to answer any questions you may have in regard to different fire hazards that can cause a fire also on equipment in the hall. The more you get to know about different causes of fire or hazards that may start a fire the better chance you will have to correct the problems and not be the victim of a fire loss in your home.

Practice Fire Prevention the year round.

## ST. ALBERT BILLBOARD

OCTOBER 4 - NOVEMBER 22 - 30 people have registered in the Children for Challenge course which had its introductory session Monday. Anyone interested may still get in by coming out to next Monday's course at Sir George Simpson School - 7:30 to 9:30 p.m.

WEDNESDAY, OCTOBER 6 - Education meeting of Protestant School Board - 7:30 p.m. Topic is Special Education Services. Public welcome.

WEDNESDAY, OCTOBER 6 - Note the time and date for the Sturgeon Toastmistress Club was incorrectly published as October 6 and should have read OCTOBER 13th at 8 P.M. in Paul Kane High School. So please don't plan to attend this evening, take a rain check until next week.

THURSDAY, OCTOBER 7 - Panel Discussion on Fire Safety by St. Albert Safety Council and the Deputy Fire Chief. Community Cable T.V. Channel 5.

THURSDAY, OCTOBER 7 - 10:30 a.m. Official opening St. Albert Day Care Centre, 6 Cunningham Road. Public invited. Open house to follow.

THURSDAY, OCTOBER 7 - Registration for Babysitters Safety Course. V. J. Maloney School lunchroom - 6:30 p.m. Boys and girls 12 years and over.

TUESDAY, OCTOBER 12 - St. Albert Community Band organizational meeting will be held at the Paul Kane Theatre Arts Room - 8 p.m.

TUESDAY, OCTOBER 12 - Opera Guild Fashion Show at the Edmonton Plaza Hotel, 2 p.m. and 8 p.m. Phone June Leggett - 459-8802 for information.

TUESDAY, OCTOBER 12 - 8:30 p.m. La Leche League meets at 32 Fernwood Crescent. For more information call 458-0123.

WEDNESDAY, OCTOBER 13 - Public meeting arranged by the St. Albert Parks and Recreation Board on the development of playgrounds in town. Interested parents invited.

SATURDAY, OCTOBER 23 - Bake sale on Grandin Mall to support Teen Centre.

# Catholic board opposes land swap with town

Trustees of the St. Albert Catholic School District No. 3 voted against the exchange of a parcel of land for another with the Town of St. Albert on Monday, September 27. The land in question is in Akins Drive at the corner of Akins Drive and Hebert Road. The school district

wants the land for a school. The town seeks the land for a new arena.

The Town of St. Albert requested that School District No. 3 swap this site for another piece of land which was to be adjacent parkland situated west of the school

site. The town considers the district-owned land desirable because of its good access, and it would appear the town will have to put in an access road to the parkland site.

The school district feels that it would face bus access problems if it were to trade

this site for the parkland. In the light of this, Trustee Peter Freeman moved that Secretary-treasurer Ted Baldwin inform the town that the district is not prepared to swap the land in question.

## FAIRER DISTRIBUTION OF RECREATIONAL EQUIPMENT

Trustee Elsie Lockert made a motion proposing a fairer distribution of recreational equipment at the regular board meeting of District No. 3 on Monday, September 27th. She felt that District 3 was not doing as well as it might when compared to facilities received by the St. Albert Protestant Separate School District No. 6. Mrs. Lockert presented considerable background for her motion and she stated that town policy does not appear consistent with the two St. Albert school districts.

The motion read as follows:

- That: Recreational facilities placed by the town on school property or parkland adjacent to school property be fairly distributed amongst all St. Albert schools so that physical education and recreational programs in all schools can be strengthened,
- and that: Parkland adjacent to all schools be developed at the earliest possible time for the same reasons,
- and that: These concerns be communicated to the Town through the Joint

## Use Policy Committee.

In support of her motion, Mrs. Lockert explained that backstops, soccer goals etc. have been purchased by District No. 3 while District No. 6 were equipped with these items by the town.

Mrs. Lockert also compared locations of recreational facilities which she felt favoured District No. 6 schools. Apparently, District No. 6 can boast of having 10 baseball diamonds with two new ones proposed while

District 3 has only five. Similarly, District 6 has four skating rink locations and a proposed rink while District 3 has only two rink areas.

Mrs. Lockert sees further imbalance with the indoor swimming pool being located on parkland adjacent to Paul Kane High School and the Akinsdale clubhouse and recreational facilities situated on land adjacent to a District No. 6 school site.

Mrs. Lockert's motion was carried.

## Changes coming in Municipal grants

Alberta municipalities can expect a change in the provincial grant system by about December 1st. In making the announcement to the Alberta Urban Municipalities Association convention last week, Minister of

Municipal Affairs, Dick Johnston, said he recognizes that there are inequities in the present grant structure which, he said, penalizes those municipalities with growth rates above the provincial average.

Under investigation is a redistribution of the local tax base between industrial-commercial properties and residential properties. New legislation would be required to make a change in this area.

Local governments will face increasing pressure to provide more and better services in the next decade, Mr. Johnston said, in such areas as parks, recreation, garbage disposal, pollution controls and public transport.

The Minister noted however that the major mode of transportation will continue to be the car, forecasting 45 cars per 100 people by 1986. The convention was also reminded that grants to municipalities had doubled since 1971, and that Alberta already provides the highest grants to municipal governments on an aggregate per-capita basis.

Local property tax bills are directly lowered by the province paying all costs for hospitals, schools, social assistance and various housing programs. In addition the provincial government picks up anything above eight per cent in interest on municipal debentures.

## United Way campaign.

They opted out from these funds this year.

"As of this year we are not getting funds from United Way," a Boy Scout spokesman for St. Albert told the Gazette.

Girl Guides in St. Albert still receive donations from United Way, and have just received a cheque for \$1,000 from the organization.

Scouts in St. Albert are helped financially through their own efforts with local businesses, the spokesman pointed out.

About two weeks ago, many St. Albert businesses gave \$1500 in a locally organized blitz to the Edmonton and area United Way.

## Town Scouts no longer funded from United Way

The Gazette has been informed that the Boy Scout movement in St. Albert is no longer getting funds from the

## Tips for fire safety

1. Have your furnace checked before winter sets in. Check the filter and clean or change regularly during the heating season.
2. Do not store inflammable articles anywhere near the furnace or water heater area.
3. Keep matches where children cannot reach them.
4. If someone in your home smokes -- or if you have a visitor who does so -- check thoroughly that no lighted cigarette is left lying about, especially before going to bed.
5. Do not throw aerosol cans into an incinerator -- they will explode. Remember that spray from any aerosol can -- such as polish -- is highly inflammable.
6. A smoke detector is a valuable means of detecting fire early -- having one in your home may save a tragedy.
7. A fire extinguisher in kitchen and garage may mean the difference between a small, controllable fire and the loss of your home.

The St. Albert Safety Council and a St. Albert Fire Department offered will air a panel discussion on fire safety on Thursday evening over Capital Cable T.V., Channel 5, 7:15 p.m.

# Tax break for churches

At its regular meeting last Monday night, St. Albert council gave several local churches and church properties a \$4,597.65 break from the tax man.

Council gave third reading to bylaw 32/76 which effected the exemptions.

During brief discussion on

the item, Mayor Dick Plain said council should review these amounts for information each year "as they go by - we may in future time not be able to carry the exemptions."

In the breakdown of the properties exempted from St. Albert's assessment, the

Archdiocese of Edmonton Church, Museum, and Cemetery at 7 Vital Avenue, was granted a \$1,523.08 exemption, the Wisconsin Evangelical Lutheran Synod at 57 Stanley Drive, a \$952.03 exemption, the Archdiocese of Edmonton Seminary at 151 St. Albert Road, \$803.88, with the St. Albert United Church getting a \$562.10 exemption.

Another two properties down for a break were the Evangelical Lutheran Church of Canada at 11 Glenview Crescent, for a \$263.33 break, and the Braeside Presbyterian Church at 5 Bernard Drive, \$493.23.

# Council imposes delays on shopping centre proposals

Shelter Resources and Abacus Cities Ltd.'s proposals for shopping centre facilities are getting the full treatment from St. Albert council, resulting in inevitable delays on the projects.

Both developers have submitted plans to the Municipal Planning Commission for shopping centre facilities, but it looks as though only

one proposal will be allowed to proceed.

At a recent MPC meeting Mayor Dick Plain made it quite clear he was not prepared to have St. Albert propping up two commercial centres.

At the regular meeting of St. Albert council last Monday night, council approved the Akinsdale South Outline Plan in principle; that plan

covers the area between Arlington Drive, Hebert Road and the St. Albert Trail where Shelter Resources hope to locate a 225,000 square foot shopping development.

But a condition to the approval is that development of the centre can only start by June 30, 1977, if the site is chosen for the district shopping facility.

Councillor Barry Breadner felt that the South Akinsdale site could be considered as an alternative location (for a shopping centre) but added he would like to see the matter deferred. His main reservation was that the development could "turn Sunset Boulevard into another Mission Avenue."

He wants the public to be well aware of the concept before any hard and fast planning decisions are taken.

On the Abacus Cities proposal for a 200,000 square foot shopping centre in the Ball Estate, council recommended a delay till the developer had revised the proposal further. That proposal also includes provision for a multi-family residential development for 1500 persons.

Whichever developer gets the go ahead for a shopping centre development, the council decision on that issue

will not be taken till October 30th.

That was clarified by Mayor Plain at last Monday night's council meeting.

During the discussions on the Shelter Resources proposal for the south Akinsdale site, Mayor Plain emphasized the developer had to know what the general land

uses were.

"Without that we only have a shopping centre," the mayor added.

Specifically the shopping centre, if it gets the go-ahead, will locate in a mix of park, and office wholesale land, bounded by the St. Albert Trail, Hebert Road and Arlington Drive.

## Legion Operation Service helps veterans & dependents

Operation Service is receiving top priority with the St. Albert Branch of the Royal Canadian Legion this month and the efforts of the Legion can bring solid help to veterans and dependents of veterans.

The branch is actively seeking out such people who may not be aware of certain benefits to which they are entitled, and then following up the proper channels to rectify the situation.

The support of residents is requested in returning the questionnaires delivered to St. Albert homes last week.

An interesting example of the kinds of support offered by Operation Service is the case uncovered of a widow who was not eligible for a Widow's Allowance under the War Veterans Act because her husband served only in Canada.

With the help of the Legion her late husband's documents were examined to see if he might have held entitlement for a disability during his lifetime.

A request was put forward to the Canadian Pension Commission, seeking a posthumous entitlement for a duodenal ulcer. The Com-

mission agreed, stating that the veteran would have received an award if he had applied during his lifetime. This enabled the widow to become eligible for an award under the War Veterans Act.

Anyone having any doubts

or questions is invited to telephone 458-3330 and ask for the Branch Service Officer. Or just fill in the questionnaire and return to the Legion Hall.

The St. Albert branch is open every day at 12 noon.

REFLECTS  
BELIEFS

THE GAZETTE

People throughout St. Albert and the Municipal District of Sturgeon are fed up with traffic congestion and bad road conditions. They are complaining bitterly to their municipal councils and in the case of St. Albert, the mayor and council have reacted with a tirade against the Provincial government, and a decision to go to the Premier.

It should be remembered that after all these access roads are municipal roads. The Provincial government agreed this spring to assist the municipalities of Edmonton, St. Albert, MD Sturgeon and Parkland to upgrade and hard surface Edmonton's 125th Avenue bypass and certain access roads into Edmonton from the north; namely 170th Street, 137th Avenue and 156th Street.

Mayor Plain's outburst about bypass roads ignores the fact that a bypass road has been approved for St. Albert in the not too distant future. Dr. Horner was referring to outlying centres and he mentioned in particular Edson and Vegreville.

On the matter of access roads all four municipalities must co-operate and co-ordinate their efforts. Access roads to Edmonton must have somewhere to go - an efficient dispersement of the volume traffic when it hits the city.

The logical city routes are 125th Avenue and 137th Avenue to handle St. Albert traffic and the Provincial Government has offered the city 80 million dollars (90%) to develop their inner ring roads, which is 125th Avenue on the north side of Edmonton.

Edmonton city council has not yet accepted this offer, nor are they prepared at present to do work in the northwest part of the city with regard to installing storm sewers, sanitary services and underground utility installations.

To do a complete job to 118th Avenue from 125th Avenue will require this municipal service work to be done.

This work could get underway in 1978 but the question of annexation of lands in that area would have a great bearing on when the work would get underway.

The access roads from St. Albert (170 Street, 137 Ave. and 156 Street) have run into extreme RIGHT OF WAY problems for the department of Transportation. A decision was made recently that TOTAL EXPROPRIATION of lands required was the only course of action if the access roads were to be built. Unfortunately this has prevented road construction in 1976.

However Dr. Hugh Horner, minister of Transportation has instructed his department to assist the municipalities in grading and dust controlling these roads without delay.

Dr. Horner said recently that municipalities were the children of the Provincial Government. He didn't, however, say that municipalities should act childishly as appears to be the case in St. Albert. Mayor Plain is well aware of the Provincial financial assistance for these roads and never has the minister or his department asked St. Albert to pay for a nickel of the costs. The mayor it seems has some trained seals prompted to yelp when he wants them to.

A policy of ROADS before GROWTH would make far better sense than jamming another five thousand people onto only one access road from St. Albert into Edmonton. Edmonton on the other hand should not be pushed into extra expense because of a reckless growth policy of St. Albert council.

### Vandalism

#### To whom it may concern

On the evening of September 29, 1976, the flags at the Percy Page Centre were once again vandalized. The RCMP have been informed and are to patrol the area on a more regular basis. The administration of the Centre feel so strongly about this issue that they are willing to file charges against those who are responsible in accordance with the actions committed.

D. O'DONNELL  
DIRECTOR  
PERCY PAGE CENTRE.

#### Appeals for return of jacket

I address my appeal to the person who picked up a child's blue jacket with the name Darren on one sleeve and a Hercules Soccer crest

on the left side.

The jacket was placed on the west side of the Sir George Simpson soccer pitch on Friday, September 24

Looking  
Through  
The Files

NINE YEARS AGO  
[October 11th issue]

The October 11th, 1967 issue carried a front page story entitled "Now It Is Known" which described a meeting held at Father Jan School to find out what the residents of St. Albert thought of amalgamation with Edmonton. The organizers also hoped to have town council hold a plebiscite on October 18 regarding this. The Citizens Committee for Amalgamation held back their two resolutions with disastrous results. Mr. Robert Russell beat them to the punch by making a resolution that the town council be asked to hold a meeting to hear briefs early in 1968 on the matter of amalgamation with Edmonton. The motion was passed with a majority vote and a quick motion to adjourn left the Citizens Amalgamation Committee speechless. It was obvious that the majority of the people present at the meeting were strongly in favour of having the council members study the matter further and were not yet ready for amalgamation.

The St. Albert Hercules Soccer team became the Provincial Soccer Champions for the third time in 1967. This was the highest award a pee-wee soccer team in Alberta could win. The final game was against River Park, Calgary and the St. Albert team won by a score of 4-2.

A picture in the Gazette for the week of October 11th showed some of the vandalism that the residents of St. Albert had to put up with back then. Nine trees along Grosvenor Boulevard were broken. The Department of Parks and Recreation posted a \$50 reward for the identification of the culprits.

The Guides and Brownies in Morinville were in the midst of preparing for a fund raising drive which was to be held on Saturday, October 22. The program was to include a rummage sale, bake sale, candy sale and fresh strawberry shortcake and refreshments.

On October 4th, 1967 the Morinville Lions Club sponsored a Thanksgiving Bingo in the Morinville Centre. The 20 winners were Mrs. Veidermanis, Mrs. C. Gagne, Romeo Froment, E. Beupre, Mrs. E. B. Gary, Moise Comeau, Mrs. Rachel Brennies, Mrs. Francis Meunier, Mrs. R. Detennancourt, Neil Bamford, Renee Chevalier, Mrs. R. De Tennancourt, Don Bouvier, Mrs. Helen Rousseau, Mrs. Emil Roach, Mrs. Flora Perras, Maurice Perras, Mrs. Mary Wiley. Winner of the Italian raffle was Leopold Boissonault and door prize winner was Mrs. Jurasek. During the evening the draw was made for the Remington Vent Rib Shotgun and the Remington 3006 Big Game Rifle which went to R. Lumsden, Edmonton.

during an all-star soccer practice.

This jacket is especially prized since it was given to my son by his 1975 Mini Mite B soccer coaches. Please either deliver it to #20 Glenhaven Crescent or simply

leave it at Robert Rundle School.

We are anxiously awaiting its return.

VIOKO  
GRANDIN PARK.

### Local Scouts and United Way

In an article on the front page of last week's Gazette it stated United Way funds were distributed to charitable organizations including Boy Scouts. This is not so.

The Boy Scouts in St. Albert which includes Beavers, Cubs and Scouts were receiving \$5.22 per boy as compared with \$10.44 per boy in Edmonton. Why? We do not know.

It was agreed by the Local

Scout Council to pull out of United Way as of September 9th this year and to raise the monies locally. Being with United Way puts a severe restriction on fund raising and in view of this and the difference with Edmonton boys it was decided to discontinue this support.

COLIN FORD  
District Commissioner.

### Thanks Gazette

On behalf of the Canadian Red Cross, I would like to thank you for your help in advertising the recent blood donor clinic at St. Albert Community Hall on September 23rd, 1976. Your

efforts were rewarded, we collected over 50 units more than last time.

Mrs. Tracey M. Derwing,  
Donor Recruitment Officer

## From the Mayor's office Annual meeting of Alberta's local governments

The majority of the St. Albert Council attended the annual meeting of the Alberta Association of Urban Municipalities (A.U.M.A.). The meetings and deliberations were exhausting, however they were quite productive. All of St. Albert's resolutions were supported by the A.U.M.A.

It is useful to set out St. Albert's resolution requesting local government approval for the annexation of land to a municipality.

WHEREAS the Government of Alberta has deemed it necessary that it must rule on all annexation decisions rendered by the Local Authorities Board; and

WHEREAS the planned orderly economic development of land within a municipality is primarily a local government responsibility; and

WHEREAS long run planning involves careful consideration and deliberations regarding the merits of adding additional supplies of land to a municipality; and

WHEREAS residents of the municipality hold their elected local government officials responsible for the development and planning of their municipalities; and

WHEREAS under the existing legislation municipal governments are not given the right to represent their citizens adequately by being granted the power to formally approve or disapprove various annexation proposals.

SOLVED that the provincial legislation should be amended to ensure that all annexations of land to a municipality, must be approved by the municipality which would experience the enlargement of the land within its boundaries prior to consideration by the L.A.B.

This is an extremely important resolution given the fact that two private developers have put forth two major annexation proposals which will have substantial effects on the future course and development of our community. Under the present legislation neither the Town of St. Albert nor the Edmonton Regional Planning Commission have any power to accept, reject or modify these proposals. The decisions are made by the Local Authorities Board and the Provincial Cabinet. The resolution requests that the local people in each municipality should be allowed to control their own local affairs. As matters stand now, the Provincial Cabinet could force St. Albert and all of the rest of the municipalities in Alberta to accept thousands of acres of new land into their cities, towns or villages. This lack of local involvement is totally unacceptable to Alberta's governments and to the people in the area who must bear the burden of new growth and development.

R. H. M. Plain,  
Mayor, Town of St. Albert.

THEREFORE BE IT RE.

# MLA exposes department letter on transportation concerns & city status

ENOUGH IS ENOUGH!  
By MLA Ernie Jamison

Since April of 1976, as MLA for St. Albert I have been waiting for the mayor of St. Albert to table a letter in council that he received from the Hon. Dr. Hugh M. Horner, Deputy Premier and Minister of Transportation on the subject of transportation assistance to St. Albert. For the past several months town council has screamed loudly about a lack of communication from the minister. Enough is enough! On April 14, 1976, Dr. Horner wrote the mayor a lengthy letter outlining Alberta Transportation's position. The letter was intended for the mayor and council. But now it seems clear that the mayor has deliberately withheld important information. I don't know why. I was provided with a copy and the complete text is printed below.

## DEAR MR. MAYOR:

Thank you for your letter of March 3, 1976, outlining your concerns on the question of Town Status versus City Status for St. Albert, and the subject of assistance from Alberta Transportation in both cases.

Weighing the advantages or disadvantages for St. Albert to changing from town to city status is complex even dealing with the transportation component separate from all other issues. I have therefore taken time necessary to look at a wide cross section of probabilities in preparing information FOR THE DELIBERATIONS OF YOUR COUNCIL.

The number of programs available to the town on transportation issues can be identified as follows:

(1) Primary highway No. 2 has been constructed and is maintained (surface) by Alberta Transportation within the corporate limits of St. Albert. Any future expansion of this highway, which will serve both internal and external traffic under our current policy, would be at the cost of the province and we would also continue surface maintenance.

(2) Secondary road 633 is projected into St. Albert from the west and would receive support under the secondary roads program up to 100% of the construction costs for a top width of at least 40 feet, including essential subsurface drainage facilities for the roadway. Under the secondary roads program any right-of-way required to accommodate the secondary road would be the responsibility of the town.

(3) We have a program covering streets assistance through towns and villages which currently provides a grant made up of a base plus a per capita allowance and for St. Albert this grant would be \$446,840 as a once in five year grant. St. Albert has applied for this grant for 1976.

(4) The province has also supported bridge construction over major streams and street separations. Two of these exist on highway No. 2 route so would be taken care of automatically in any improvements to highway No. 2 by the province. We have requests for a future crossing on Grandin Avenue connecting to Mission Avenue which also crosses the Sturgeon River. This bridge would be dealt with on a priority basis and is being considered in the transportation and public transit system study being undertaken in St. Albert.

(5) The province maintains the surface of the highway No. 2 route through St. Albert.

(6) While St. Albert is not city status now, due to its particular location and the linkage with the transit facility in the City of Edmonton, they have received a capital grant for public transit to cover some equipment. Under these circumstances, changing from town to city status would have no impact on St. Albert receiving such support.

To provide some perspective, the following costs and expenditures may prove some assistance in comparing the advantages or disadvantages:

1. (a) Highway No. 2 route.

Length through St. Albert approximately 2.92 miles.

Estimated cost to upgrade to six lane facility which will be required in the future - \$7 million, 740 thousand dollars. This cost includes the cost of some land (which we would propose be kept to a minimum), replacement of the curbs and gutter systems, new catch basins and leads, bridge structure expansions, road and pavement expansions. These estimates do not include the cost of relocating power and telephone lines or the cost of relocating lighting standards, or the cost of sidewalk construction as these items could be subject to consideration for cost sharing.

St. Albert as a town would only pay for the costs of those items which are strictly town facilities not required for the highway No. 2 corridor or for its operation. The province would therefore pick up the total figure of \$7,740,000, estimated as the cost of the expansion. These costs are based on 1976 dollar values and if cost escalation continues, there would be an increase in future years.

Insofar as timing is concerned, it would appear feasible that this construction could start in 1978 following the alternative road work we would propose on 170th Street and 137th Avenue. Construction would take at least three years so we could anticipate construction going through 1980 if these projections are met. Such a schedule is the earliest possible in view of the lead time necessary to handle acquisition of land, utility adjustments, etc., and is probably optimistic at this stage of spending reaction. None the less, the magnitude of costs is quite realistic.

Under the current formula for participation in the cost on this route, should St. Albert become a city, the province would pay two-thirds of the land cost and St. Albert would pay one-third of the cost. THEREFORE FOR THE UPGRADING OF HIGHWAY NO. 2 THROUGH ST. ALBERT, ST. ALBERT WOULD BECOME LIABLE FOR \$2 MILLION, 555 THOUSAND DOLLARS.

(b) The maintenance costs are currently absorbed on this route by the department insofar as surface maintenance is

concerned. The annual cost has been approximately \$8,500 per year. Should St. Albert become city, they would be eligible for a grant of \$2,000 per mile, using the current formula, for a total of \$5,840 per year.

2. Secondary road 633 projects from the west into St. Albert. The portion in St. Albert follows Mission Avenue and Meadowview Drive and is approximately 4,850 feet in length. Presently the surface is a cold mix surface with some curbing. We would estimate that the cost of upgrading this to a permanent standard would be approximately \$200,000 unless storm sewers had to be added and then this figure would probably double. As a town, the construction cost would be absorbed by the province when the project was implemented in the priorities on that program.

Should St. Albert become a city, the current policy is that it would receive no contribution for previously designated secondary roads within the corporate limits of the city. Secondary road maintenance would not change in that it has always been the responsibility of the local authority.

3. The streets assistance program has been available to all of the towns in the province through a grant made on a once-in-five year basis. 1977 will be the last year of the current program.

We have no formal plan for the next phase of a streets assistance program. Currently, St. Albert would be eligible for their grant (they applied for their grant in 1976) in the amount of \$446,840. As stated previously, this has been a once-in-five year grant under past programs.

Should St. Albert become a city it would not receive the streets assistance grant which has been available only to towns and villages.

4. Bridge construction. For highway No. 2, bridge construction has been included in the total estimate set out for No. 2 highway.

As a town, a further crossing of the Sturgeon River, described as future Grandin Avenue connection to Mission Avenue, could be supported by the province, dependent on the overall benefit to relieving the primary highway route and improved circulation in the town. As a town, our policy would provide up to 75% of the cost. The estimated cost of the structure, if it was to accommodate 64 ft. clear roadway with sidewalks, would be approximately \$1,200,000.

Should St. Albert become a city, and this bridge project be advanced as an essential part of an approved network route, St. Albert would be eligible for 66% of the cost from the province, based on the current formula. This would mean that with the current formula, St. Albert would gain no benefit as city status in the support of such a project and would, in fact, receive lesser funding.

5. Maintenance of highway 2 through St. Albert covered in item 1. (b) above.

6. The grant for transit capital would not alter with the change from town to city status for St. Albert under the current program formula.

Under the current grant structure to cities, those cities in the smaller class such as Drumheller, Camrose, Wetaskiwin, Grande Prairie and Lloydminster, with populations under 30,000, share in a total of approximately \$2 million per year. This figure can vary somewhat depending on the type and size of individual projects, but the net result would be that where one of the smaller cities may have a higher grant one year, they would likely have a compensating lower grant in a subsequent year. Another comparison might be drawn using Grande Prairie as an example. The current population of Grande Prairie is 16,618, with the current population for St. Albert being 21,342. Over the past five years Grande Prairie has received an average of \$370,850 per year. It therefore appears that unless there is some substantial increase in the overall amounts of grants made to cities that an average annual allotment to St. Albert, considering city status, would probably range from \$333,000 to \$500,000 per year.

(A columnar summary was included in the letter, paragraphed here).

Highway 2 construction, six lane expansion including bridges, over three years when constructed at an estimated \$7,740,000 would result in a loss to the town under city status of two million, five hundred and fifty-five thousand dollars.

Highway 2 maintenance would result in a loss to the town under city status as compared with town status of \$2,600 per year.

As a town, St. Albert would receive \$200,000 for secondary road 633, and nothing as a city.

The street assistance program gave the town \$446,840 as a once in five year grant. No street assistance is granted under city status.

Bridge over the Sturgeon River to connect Grandin Avenue to Mission Avenue would be eligible for 75/25 Provincial funding under town status and only 66 and two-thirds funding as a city - costing \$300,000 cost under town status and \$400,000 cost if city status.

Funding would be equal on the bus transit grant whether a town or city.

As a city St. Albert would qualify for an estimated \$330,000 - \$500,000 per year for city arterial road grant.

It must be recognized that the construction of major projects are only projected here and that we anticipate some rather long term program would be realistic. St. Albert should also be concerned that they make the decision on long term viability rather than some seemingly short term advantage. Frankly, at this particular time with spending restraints and at best an indefinite picture for future capital spending, I see no real prospect to enrich the formulas or to significantly increase the overall funding of urban programs.

St. Albert transportation studies are not yet complete

therefore we do not have a firm basis to weigh whether St. Albert has a major arterial system demanding a high priority in the contest for city program funding. My impression at this time of capital spending restraint, would be that it is an inappropriate time for St. Albert to go to city status if there is an expectation of significant increase in capital for Transportation works.

Hugh M. Horner  
Deputy Premier and  
Minister of Transportation.

## GOOD NEWS PARTY LINE

The St. Albert Community Band will be holding an organizational meeting on **October 12 at 8 p.m. in the Paul Kane Theatre Arts Room.** The Band is open senior students. Call 458-6396 or 459-3841 if interested.

**Tuesday, October 19th - 9 a.m. to 3 p.m. UCW Craft Day - \$2. registration.** Please phone Janis Evans 459-5215 for information.

**UCW Dutch Auction - United Church basement at 7:30 p.m., Tuesday, October 19th.**

**La Leche League - An organization of mothers offering support to women wishing to breastfeed their babies will meet Tuesday, October 12 at 8:30 p.m. at 32 Fernwood Cres. Topic Art of Breastfeeding and Overcoming difficulties.** For further information phone 458-0923.

The approximately 130 boys of 3rd St. Albert Beavers, Cubs and Scouts will be out in force on **Saturday, the 16th of October** to relieve you of those bottles collecting in your basement or garage. The young fellows will make good use of the sale proceeds in their varied programs and look forward to your support. On the subject of 3rd St. Albert, the Group Committee would also welcome some help in leadership - call Mr. Hanson at 459-8850.

Interested residents in St. Albert are invited to attend the **October 13th meeting of the Consumers Association** being held at the **Centennial Library in Sir Windston Square at 8 p.m.**, when Dr. R. J. Reiffenstein will be the guest speaker on "Use and Abuse of non-prescription drugs." The association meets once monthly and last meeting featured the fire chief speaking on smoke detectors. It is estimated there are 200 members of the Consumers Association in St. Albert and plans are being made to form a local branch. Further information is available from Mrs. Christlanson at 458-4834.

## Around Town

Don Mitchell, well-known young man around town, started work in a new field on Monday, when he joined the St. Albert Fire Department. They need to be watching that he doesn't use those hoses for a sheet of outdoor curling ice beside the fire hall.

# Order of Moose celebrates 65th anniversary

The 950 members of the Loyal Order of Moose and the Ladies Auxiliary, the Women of the Moose, had a lot to celebrate last weekend. Saturday was the official birthday party to celebrate the Society's 65th Anniversary.

The Edmonton lodge was registered under the 'Societies Act' on September 23, 1911 and since that time it has been increasing its membership as well as its community commitments. The 65th anniversary celebration involved the induction of several new members into the Lodge. It was a memorable, impressive experience: dignified in every respect. Regional Director Allan C. Furrow of Kalispell, Montana was present and the enrollment ceremony was dedicated to him. The 15 candidates, their wives and the members of the Lodge took part in the ceremony.

The Loyal Order of Moose is an International Fraternal Society, operating principally in the United States, Canada and Great Britain. The total membership is more than a million men and over 300,000 women in more than 2,200 lodges and nearly 1,700 chapters, most of which offer modern lodge and club facilities. The Moose is non-political and nonsectarian.

**EMPHASIS ON YOUTH**

Moose Lodges across the country supply leadership and furnish manpower in support of worthwhile community service... with an emphasis on youth. Typical is the sponsorship of Scouting in all its branches, teen-age activities, co-operation with recognized charitable organizations in fund raising projects, screening tests to determine hearing deficiencies, Christmas toy programs, blood banks, physical disability appliance banks and local clean-up, paint-up campaigns. The Moose takes the initiative in doing what needs to be done in the community.

However, participation in these activities is not mandatory. Members can join whatever they wish: Degree Staffs, Golf or Bowling Leagues, Athletic Programs, Civic Affairs, and other interesting group activities.

The women are not left out of the action. Membership in the Women of the Moose is open to wives, mothers, sisters and daughters of Moose members. Women also enjoy the mixed social activities sponsored by the Lodge.

Each Moose Lodge provides a wide variety of social activities - dancing, games, holiday parties, dinners and picnics. All are designed with the family in mind. The Edmonton Lodge holds a dance every Saturday, bingos twice a week as well as golf, bowling, curling, darts, shuffleboard, riflery and other sports. There is a Teen Club for the members' teen-age children as well as a Teen Bowling Club.

The Edmonton Lodge is soon to be renovated and enlarged. The present banquet room will be about double in size when the work is completed and a second storey will be added above the banquet hall to provide a dining room for members. Tennis courts and a picnic area will be built as well. At present there is a large games room, a lounge and a large meeting room in addition to the banquet hall.

The Loyal Order of Moose not only provides activities for the active members but also for members of retirement age and for members' children who have lost one or both parents.

## MOOSEHEART AND MOOSEHAVEN

Mooseheart, "The Child City" is the famous home and school for the care and education of children of members of the order who have lost one or both parents, and other qualified orphaned children. It is located in the Fox River Valley of Northern Illinois, 40 miles west of Chicago.

Being a complete city, occupying nearly 1,200 acres Mooseheart gives children all possible advantages necessary for a pleasant childhood. Mooseheart maintains its own accredited school system from nursery school through high school. After graduation Moose scholarships assist many graduates to receive higher education. Since it was founded in 1913 over 7,000 children have benefitted from its educational and training programs.

Moosehaven, the "City of Contentment" is a model home for qualified aged Moose members and their wives. It is located in Orange

Park, just south of Jacksonville, Florida. Living in modern, one-floor buildings, residents enjoy associations with others in their own age range.

A portion of the dues paid by every member of the Loyal Order of Moose is used to support and maintain Mooseheart and Moosehaven.

The Edmonton branch donates between \$12,000 and \$15,000 to charitable work, either local or international, each year. Many of the Women of the Moose take part in hospital work, and each year at Easter and Christmas gifts and baskets are given to patients in hospital.

The men and women of the Moose are a friendly group of people, interested in helping others in need. Care of their children is also a prime concern. For the past 65 years the Edmonton branch of the organization has been active in community affairs, has helped hundreds of people, and made life a little more pleasant for many more.

Happy Birthday Moose members!

## VCW sponsors craft day on Tuesday, Oct. 19th

Make your Christmas crafts and gifts early. The VCW is sponsoring a 'Craft Day' on Tuesday, October 19 from 9 a.m. - 3 p.m. Ladies this is an ideal time to learn how to make those 'different' little items for your friends or yourself. Maybe make a Christmas tree ornament or table decoration or gift. Two ladies, well known in the craft field, will be there to give instructions. There will be a variety of kits available ranging in price from \$0.25 to \$2.00. You can probably make several during the day and sandwiches and coffee will be provided for lunch. Pre-registration is required at \$2.00 per person. For information, please phone Janis Evans at 459-

5215. Come and enjoy a pleasant chat and get a head start on the Christmas activities. See you in the United Church basement on October 19th.

## Around Town

The winner of the \$250.00 food voucher that was raffled by the Sturgeon General Hospital Auxiliary was Bernice Kaellert of Camrose. Miss Kaellert's ticket was drawn by Mary Tworet of St. Albert.

## Women hear Barb Wheatley on fighting C.F.

The first dinner meeting of the 1976 fall season of the St. Albert Nurses Interest Group was held on September 21 at the St. Albert Inn. The business meeting was chaired by Marjorie Jackson and plans for the Home Nursing and Babysitting courses were discussed. The guest speaker for the evening was Barbara Wheatley R.N. B.Sc. - Cystic Fibrosis co-ordinator from the University Hospital. Bar-

bara's enthusiastic presentation was warmly received by all members and the following is her message on "The Fight Against Cystic Fibrosis."

Cystic Fibrosis is a generalized hereditary disorder of children, adolescents and young adults in which there is wide-spread dysfunction of mucus secreting glands. Thick mucus obstructs the

lungs in a patient with Cystic Fibrosis and it must be removed daily. Treatment consists of a face mask with a broncho-dilator prior to postural drainage and chest thumping to loosen secretions. These treatments are done once to three times daily lasting 20-30 minutes per session. Many C.F.'s sleep in a mist tent in Alberta because of the dryness of the

climate.

The medications taken by C.F. children are numerous. The daily dosage of enzymes (enzyme replacement is necessary because mucus blocks the flow of them from the pancreas and food virtually goes right through a C.F. child) varies with patients some taking 12 capsules per day, others taking that many per meal. Vitamins namely multivite, E. and A. are taken daily. Antibiotics are also given if an infection occurs.

masks, and chest percussors so that families are rarely out of pocket for this needed equipment. The Chapters fund raising projects are endless, they sponsor Mothers Day appeals, Christmas card sales and talks to service clubs. The Klamath Club strongly support Cystic Fibrosis and have given the breath of life to many C.F. children in our area.

regime imposed by the disease. Must have help, volunteers are needed to support and assist them at home and at school. Cystic Fibrosis still needs a lot of help, and knowledge and understanding on the part of the nursing profession helps a great deal.

The next dinner meeting of the St. Albert Nurses Interest Group is October 19th, 7 p.m. at the St. Albert Inn. For information please contact Marion Sim - 459-7691 evenings.

### PARENTS NEED HELP

Parents tied to a rigid

### TEAM HELP

The Cystic Fibrosis Clinic in the Health Services Clinics at the University Hospital functions as a team composed of doctors, public health nurses, physiotherapists, pharmacologists, dietitians, social workers, respiratory technologists and research teams. The clinic serves only C.F. patients and is funded by the Canadian Cystic Fibrosis Foundation, the University Hospital Science Clinics and the Cystic Fibrosis program of the Alberta government. The Alberta government provides antibiotics and enzymes to registered patients up to the age of 18 years. The University Hospital and other private insurance companies provide the remainder of medications needed for the regime.

The Edmonton Cystic Fibrosis Chapter consists of parents of C.F. children and anyone else who is interested in Cystic Fibrosis. The members meet monthly and work closely with the C.F. team. They provide mist tents, compressor units, face

## Microwave ovens offer convenience, save time

Micro-ovens are steadily becoming more common in the kitchens of working homemakers, but many cooks are not too familiar with how they work and have a variety of questions about the latest cooking time-saver.

These range from the principles behind microwave cooking, to safety, how they are used and utensils and dishes required.

The main advantage of microwave cooking is the time saved. You can cook your favourite foods in up to 1/10 or less of normal cooking time. The other advantage is the convenience of microwave cooking. Foods can be prepared in their serving dishes; there are less pots and pans to wash; paper plates can be used and tossed away afterwards; foods can be easily reheated; the flexibility of quick cooking a snack or a meal. Frozen foods can be placed in a microwave oven and quickly prepared; butter or ice cream can be softened to serving consistency; meats can be thawed in minutes.

Cleaning is a breeze. Since the oven remains cool when you use microwave energy alone, foods don't bake on. Cleaning is done by wiping with a damp cloth.

Microwave cooking differs from conventional cooking. In conventional cooking the air or liquid surrounding the food is heated and transmits its heat to the surface of the food. The heat on the surface is then conducted into the interior of the food and cooks the food. In microwave cooking the microwave energy is absorbed only by the food and does not heat the surrounding air. The microwave energy is reflected by metal but passes through glass, paper, most ceramics and plastics.

Many women think that

they have to learn to cook all over again but standard recipes are used and preparation of foods for cooking doesn't change. The big difference is in the times used.

There is no change in flavour of foods nor is there any change in nutritional value in foods cooked by microwave energy. Some reports state that foods taste juicier and fresher because the faster cooking time does not dry out as much of the natural moisture in the food.

There are several types of microwave ovens. One is the counter-top style which is usually placed on a kitchen countertop or on a roll around cart. It can be built

into a wall. Countertop units are sometimes mounted on a platform in the high oven position above a 30" range. Another approach is a built-in double wall oven - one oven microwave, the second a conventional oven.

The second type combines the microwave oven in the same oven with an electric range oven. Such units have three way cooking flexibility - the four surface units, a microwave oven and a conventional oven.

Any reliable appliance dealer will be able to answer questions and General Electric has a 17-page booklet out called "If you have questions about microwave cooking, ask General Electric." are available from G.E. dealers.

## How to get your life in shape.

Sun Life has always been interested in improving the financial quality of your life.

But we're concerned about your health and fitness too. We know that simple, natural things like walking, jogging, cycling, swimming and cross country skiing are wonderful forms of exercise. And besides being very good for you, they're fun to do and they needn't cost much.

At the moment we have two free booklets available to help you get your life in shape. One is "Walking and Hiking". The other, "Cross Country Skiing". Get your copies call or write:

# Babysitting course offered

There will be another Babysitters Safety Course offered in St. Albert this month. The course is outlin-

ed by Alberta Safety Council and sponsored by the St. Albert Nurses Interest Group.

It is open to boys and girls 12 years of age and over. Registration will take place on Thursday, October 7th at

6:30 p.m., at Vincent J. Maloney School (in the lunchroom). The fee is \$2.00 and has to be paid at time of

registration.

This course will be held every Thursday night from 6:30 - 7:45 p.m., at Vincent

J. Maloney School during October and November. Students are asked to bring their own paper and pencil.

## Try the TOUCH-TONE speed test here!

### Get Ready...

This Touch-Tone is shown full size. How fast can you tap the numbered keys? When you try it on the Touch-Tone photo, remember: it's just as quick and easy on a real Touch-Tone phone.

Now you've proved it to yourself—Touch-Tone IS faster. Two or more times as fast! Not quite convinced? Next time you use a Touch-Tone pay phone, notice how your fingers fly over the keys. You'll agree—Touch-Tone is the fast phone!

Order your Touch-Tone phone today—just call our local business office.

### Get Set...

to see how quickly you can tap out a 7-digit number. Of course, in this test you won't hear the musical Touch-Tone notes. But you'll see how fast your fingers are. You'll be just as fast on the real thing.

### Go!

Are you timing yourself? Let's make it a "best out of three" test. Touch-Tone can improve your speed every time you make a call!

*Keeps you in touch with tomorrow*

Available in Touch-Tone areas only, in a wide spectrum of colors and in your choice of Desk, Wall, Chestphone, Princess or Contempra models. Touch-Tone not available for party line customers. In some areas, Touch-Tone may require a phone number change.

How did you score?

2nd time ☐ seconds

3rd time ☐ seconds

# Weaving by Maria Bogaert at the library

By Margrit McCreath  
Earlier this year the Library began a series of displays featuring work by St. Albert individuals who are skilled in art or handicraft. Continuing this fall, our artisan in review during the month of October will be weaver, Maria Bogaert.

Mrs. Bogaert, who has been a resident of St. Albert for two and a half years, is a native of the Netherlands. She first became interested in weaving in 1972 when her Finnish friend, Pirkko Karvonen, talked her into taking a weaving course at Victoria Composite High School in Edmonton. Mrs. Karvonen, a well-known weaver, has been a great influence and inspiration to Maria ever since. Although she had

always wanted to pursue this rewarding craft, this first course gave Maria the impetus to get started and obtain the necessary background of fundamental knowledge. Now whenever there is a course or a workshop Mrs. Bogaert is an avid participant. This weaver is also self-taught, to a great extent, and reads as many books on weaving as she can get her hands on, and, of course, the other secret to her success is practise. Getting more and more involved in her hobby has now led to Maria teaching weaving.

She is a member of the St. Albert Arts and Crafts Guild, where she is presently teaching courses in loom-weaving. She very much

enjoys this contact with people who are anxious to learn weaving. As well, Maria belongs to the Edmonton Weavers Guild. She has done weaving demonstrations at the Provincial Museum and Archives and for the Guild here in St. Albert. Her work, which includes bags, pillows and wallhangings, is sold once a year at the Edmonton Weavers' sale.

Weaving can be defined simply as the interlacing of threads at right angles to form a web or fabric. There are five basic steps to preparing sheep's wool for weaving: teasing, carding, washing, spinning and dyeing. However, it is much more than this in terms of the excitement and satisfaction in the actual process of

creating a fabric.

The artisan in review prefers to use homespun wool and does mainly loom-weaving. The wallhanging at the Library is of sheep wool, in natural colours with some buffalo hair woven into it.

Weaving has many faces: it is a craft, a medium for working directly with fundamental materials to create joyful mixtures of textures

and colours, to feel the accomplishment of mastering the tools and learning the steps, and to explore the discipline of fine craftsmanship. This age-old craft has a great deal of versatility. Maria Bogaert speaks enthusiastically of her hobby weaving. She has an imaginative and contagious flair for pattern, texture, colour and good taste!

YOUR COMMUNITY CHURCH

with the proposed arena and swimming pool at the Interclub Council meeting held at the St. Albert Inn on Sunday, October 2nd. The meeting, which got off to a late start due to late arrivals of members, was chaired by Kinsmen President Ray Capowski.

The mayor said that the new arena would be built next to the Catholic School District No. 3 school site in Akinsdale at Hebert and Akins Drive. Access to the arena would be from Hebert Road. Mayor Plain expects tenders to be out in January and he hopes that a start will be made in the spring. Similarly, tenders will be out for the construction of the new pool to be built in Fountain Park in January, and a start will also be made in the spring. If all goes well both facilities should be completed in late January, 1978.

## AMBULANCE SERVICE

In connection with the proposed ambulance service, Mayor Plain advised Interclub that the town is currently expecting input from the medical practitioners. He also reported that the RCMP Ball is slated for November and that Jack Fyfe will co-ordinate the function.

## BLOOD DONOR CLINIC

Marge Iseke, Women's Institute president reported that 5,400 phone calls had been made to St. Albert homes to obtain response for the blood donor clinic on September 23rd. This resulted in 148 persons turning out to donate blood on that date.

## TRADE FAIR

Dr. W. Cuts reported to the Interclub Council on behalf of the Chamber of Commerce. He said that town businessmen were pleased with the recent trade fair and they had received some suggestions for improvements for future fairs. He reminded members that "Citizen of the Year" time is again approaching. The Chamber will receive nominations up to December 15th.

## ST. ALBERT AIR CADETS LIGHT BULB SALE

Supper Lions Club representative Don Ward reported that the air cadets, who are sponsored by the Lions Super Club, will be selling light bulbs on the 22nd and 23rd of October. They will also sell peanuts one week prior to the Grey Cup. The

light bulb sale was undertaken by members of the Lions Club until recently and this year they have decided to depart from this practice in favour of the air cadets.

## KIWANIS MUSIC FESTIVAL

Blair Art, representing the Kiwanis Club, advised Interclub that the St. Albert Music Festival is tentatively arranged for the middle of April next year. He also reported that Halloween candy would be sold by the clubs and scouts next week.

## BREAKFAST LIONS SEEK PROJECT

Bill Zielinski, speaking for the Breakfast Lions, said that the club is looking for a major project. He added that the club seeks a long term project rather than a "one shot deal" and input from the community is welcomed.

Mr. Zielinski reported that the chairman of the Lions Winter Carnival is Don Merrill. A date for this event has not yet been set.

## LEGION AUXILIARY FALL TEA/BAZAAR

President of the Ladies Auxiliary to the Royal Canadian Legion, Shirley Sorsdahl, had several items to report. She said that the fashion show which was held on September 26th had been very successful. The Legion Auxiliary was now preparing for the annual fall bazaar/tea which is scheduled for November 21st. Mrs. Sorsdahl also mentioned that tickets to the Grey Cup pool are on sale and they cost \$1 each.

## HOSPITAL AUXILIARY NEXT-TO-NEW SALE SUCCESSFUL

Sturgeon General Hospital Auxiliary President Lois Fabi said that the annual next-to-new sale held on Saturday, October 2nd had been successful. She estimated a net profit of \$900.00.

## LADY LIONS PLAN MEMBERSHIP DRIVE

Marilyn Gariepy, Lady Lions president, reported that a membership drive wine and cheese will be held on October 20 at 7:30 p.m., at the Club Mocombo. Marilyn emphasized that contrary to popular belief a gal does not have to have a husband or father in the Lions organization to be able to join the Lady Lions. She cordially invites any lady over the age of 18 to attend the function on Wednesday, October 20th.

Kinsman Ray Capowski said that the Kinsmen Club did not have anything arranged for a month or so. The meeting adjourned at 1 p.m.

# St. Albert Day Care Centre opens tomorrow

Lieutenant Governor Steinhauser is on his way to St. Albert to plant a tree for the St. Albert Day Care Centre. The tree planting is part of the opening ceremonies planned for tomorrow, October 7th.

The program gets underway at 10:30 a.m. and everyone is invited to be present and take part. Mr.

McL Finlay will open the ceremony with a speech on behalf of the Department of Social Services and Community Health. Following Mr. Finlay, St. Albert Mayor, Dr. Richard Plain will welcome Lieutenant Governor and Mrs. Steinhauser to the town. One of the children at the day care centre will then present the Lieutenant

Governor with a Town of St. Albert hard hat.

Then comes the planting of the tree. Wearing his new hard hat Lieutenant Governor Steinhauser will operate the controls of the machine used to put the tree in place on the north side of the site. The tree is part of the landscaping plan of the Department of Parks and Recreation.

One of the children will present Mrs. Steinhauser with a bouquet of flowers and a choir of the children attending the centre will sing for the guests and audience. The ribbon will be cut by Mayor Plain and the St. Albert Day Care Centre will be declared officially open. The guests and audience

will then proceed indoors for a tour of the Centre and to observe the children in their daily activities.

LIEUTENANT-GOVERNOR  
RALPH STEINHAUSER

## Parks & Rec. evening programs well received

Evening and weekend courses and workshops in every area of activity from arts and crafts, sports, children's activities, academic courses to group therapy, interior design and home renovations have been made available to the residents of St. Albert through the Department of Parks and Recreation in co-operation with the St. Albert and Sturgeon Further Education Council. An outline of the courses was distributed to all residents in late August and the final date for registration was September 17 (for most courses).

The St. Albert Parks and Recreation Department has reported good response in most areas with an overwhelming registration in children's courses. Over 1491 applications were received by the town. Macrame, ladies keep fit and pottery followed closely behind the children's courses in popularity.

Due to poor response the following classes have been cancelled: teen oil painting, karate, creative dance (11-12 years), painting techniques, iklie loom weaving, necklaces and ornaments, preparing for retirement, and upholstery.

The Further Education Courses include academic credit courses, general credit courses, business education credit courses, as well as several interest courses.

Several of these courses had to be cancelled due to lack of public response. They include: Business English, Bachelor Survival, Consumer Education, Learning to Live Metric and Practical Mathematics. In the area of academic credit courses only English 30, and Typing 30 had adequate enrollment to be continued. Ladies and Limosines went over very well with two classes in operation.

Alberta Agriculture also had some courses available to the residents of St. Albert. Blue Jeans and Jackets Sewing Construction, Basic Interior Design, Window Treatment will all be going forward this fall but Basic Sewing Construction and Make Hostessing a Happy Time have been cancelled. Microwave Miracles was very well subscribed to with over 40 applications coming in.

The French Social Club is operating two French language classes, Beginners and Intermediate. There are 16 students in the beginners class and eight in the intermediate class.

The Gazette was unable to contact either Jeanne Helten or Roy Chubb to find out the status of the courses offered by the Roman Catholic Parish. Parent Effectiveness Training and Group Therapy.

## Film series

"So This is Civilization," an eight part look at man and his society, his cities and his future, is being presented by the Audio-Visual Division in the Central Library Theatre every Saturday afternoon through October 23. Each program commences at 2 p.m. and features the following documentaries remaining in the series:

October 9 - "Stranger than Science Fiction" and "Why Man Creates" October 16 - "The Day it Rained Pearls" and "Gate 73" October 23 - "Scotland Yard" and "Neighbours."

Brochures with further information about the above films are available at any Edmonton Public Library outlet. Admission to the film programs is free.

THE SCHOOL ACT, 1970

[SECTION 7]

## PUBLIC NOTICE

BYLAW NO. 2/76

By the Board of Trustees of the St. Albert Protestant Separate School District No. 6 of the Province of Alberta.

WHEREAS it is deemed expedient by the Board of Trustees of St. Albert Protestant Separate School District No. 6 of the Province of Alberta, that the sum of One Hundred and Ninety thousand DOLLARS (\$190,000.00) should be borrowed on the security of the District, by the issue of debentures repayable to the bearer in twenty-five (25) consecutive annual instalments with interest at not more than twelve per cent (12%), for the purpose of:

- a) Site Improvement ..... \$ 8,000.00
- b) providing six (6) Portable Classrooms at an estimated cost of ..... \$170,000.00 including Architect Fees
- c) Providing furniture and equipment at an estimated cost of ..... \$ 12,000.00
- d) at the West Grandin School Site in the Town of St. Albert

THEREFORE, notice is hereby given by the Board of the said School District that unless a poll of the electors of the said School District for and against the said debenture loan is demanded, as provided by Section 104 of The School Act, 1970, the said Board will apply to the Local Authorities Board for authority to borrow the said sum by issue of debentures.

Of which all persons interested are hereby notified, and they are required to govern themselves accordingly.

W. W. WEBBER  
(CHAIRMAN)

Dated at St. Albert, Alberta,  
this 22nd day of September, 1976.

INSTRUCTIONS TO ELECTORS PETITIONING FOR A VOTE ON A MONEY BYLAW IN A SCHOOL DIVISION - [SECTION 2 (e) 3 and 104 - THE SCHOOL ACT, 1970]

"Elector" for the purposes of petitioning for a vote on a debenture bylaw means a person:

- (1) 18 years of age or older;
- (11) who is a Canadian citizen or British Subject; and
- (111) who, in the case of a petition, is resident in the district or division in which the petition is to be presented on the day upon which he signs the petition, and who has been a resident of Alberta for the six consecutive months im. "at the proceeding the day upon which he signs the petition."

A poll respecting the aforementioned borrowing may be ordered in a School Division by preparing and submitting to the School Board a petition for a vote in accordance with the provisions of Section 2 (e), 3 and 104 of The School Act, 1970.

The petition must be signed by at least

- (a) 2 per cent of the electors in a district or division having 10,000 electors or more, or
- (b) 5 per cent of the electors in a district or division having less than 10,000 but 5,000 electors or more, or
- (c) 10 per cent of the electors in a district or division having less than 5,000 electors but 500 electors or more, or
- (d) 15 per cent of the electors in a district or division having less than 500 electors

and be filed with the Board within 15 days of the last publication in a newspaper of the Public Notice of the proposed debenture borrowing.

# Walterdale Theatre opens season

"An invention is better if its new" and that's just the problem George Riley tries to overcome in Walterdale Theatre's opening production of "Enter a Free Man."

Edmonton audiences will readily recognize Warren Graves, Mary Glenfield and Jim Dougall in lead roles.

The play directed by Ron Wigmore will run October 12

23 inclusive. Advance tickets for "Enter a Free Man" are available at the Bay Box Office NOW at 424-0121.

Auditions for "The Innocents," by William Archibald, are coming up this weekend at Walterdale Theatre.

Director Ray Hunt will be

searching for two (2) males and four (4) females to cast in this chilling drama about a young governess who discovers all is not right in the

household in which she is employed, particularly with her young charges.

"The Innocents" requires

two children to play major roles; a boy and a girl between 8 and 12 years of age.

Auditions will be held at 2 Production dates of "The Innocents" will be November 16 - 27 inclusive.

## Cinematheque 16 films this week

Cinematheque 16 is Edmonton's only "underground" repertory cinema society, screening international feature films and retrospective series all year round. Cinematheque 16 activities are made possible through the assistance of the Canada Council, the National Film Board, Filmwest Associates Limited, the Edmonton Art Gallery, local advertisers, print and broadcast media, local distribution outlets, and membership in the Canadian Federation of Film Societies.

Cinematheque 16 screenings are held at the Edmonton Art Gallery on Sundays at 1:30 and 3:30 p.m., Thursdays at 7:30 p.m. and Fridays at 7:30 p.m.

Tomorrow's program (Thursday, October 7) includes Ned Kelly, a movie made in Great Britain in 1970. The film is rated as adult, not suitable for children. This colour film was directed by Tony Richardson and the cast includes Mick Jagger, Diane

Craig, Clarissa Kaye, and Mark McManus. This is a return engagement, by popular demand, of the story of the legendary Australian outlaw, 106 minutes in length.

On Friday night, October 8th, Alice's Restaurant will be shown. This movie, made in 1971 in the U.S., inspired by Arlo Guthrie's popular ballad, is a blend of satire, whimsy, melodrama, and social commentary which casts an affectionate, regretful eye over the hippy life. It is rated as restricted adult, directed by Arthur Penn. The cast includes Arlo Guthrie, Pat Quinn, James Broderick.

Sunday's program is a restricted adult film entitled Hour of the Wolf (Vargtimmen). This black and white film was directed by Ingmar Bergman with a cast including Max von Sydow, Liv Ullmann, Erland Josephson, Ingrid Thulin. It explores the nature of artistic creation and the relationship of the artist to society. It is

visually impressive and engaging, almost hallucinatory and Bosch-like in its impact.

Swedish with English subtitles. 88 minutes in length.

## National Film Theatre/Edmonton announces its 1976 season

Three separate film series are planned for National Film Theatre/Edmonton's 1976 season. Commencing Friday, September 24 and continuing 12 Fridays thereafter until December 19, a series of retrospective Canadian feature films will be presented. On 6 Tuesdays from September 28 until November 2, a large number of cartoons from the 1930's and 1940's will be featured. Following the Golden Age of the Hollywood Cartoon series, feature films produced by and featuring women will continue on 6 consecutive Tuesdays from November 9 until December 14.

Each program commences at 8 p.m. on the respective evenings and will be held in the Centennial Library Theatre. Tickets are available at the Audio-Visual Division on the second floor of the Central Library. Admission is also restricted to persons 18 years of age and older, although special dispensation is presently being sought from the Alberta Censorship Board for the Golden Age of the Hollywood Cartoon Series.

The following programs will feature:

October 1 - Il ne Faut Pas Mourir Pour ça/Don't Let It Kill You; October 8 - Jusqu'au Coeur/Right to the Heart; October 15 - Lies My Father Told Me; October 22 - The Luck of Ginger Coffey; October 29 - The Finishing Touch/The Plastic Mile; Nov. 5 - Wedding in White; Nov. 12 - La Tendresse Ordinaire/The Ordinary Tenderness; Nov. 19 - Isabel; Nov. 26 - Act of the Heart; Dec. 3 - A Married Couple; Dec. 10 - The Wolfpen Principle; Dec. 17 - Pour le Meilleur et Pour le Pire.

The October 1, 8 and November 12 films are in French with English subtitles. The December 17 program is in French only. Each program will also be accompanied by a short subject.

### FEDERAL BUSINESS DEVELOPMENT BANK OPENS EDMONTON WEST OFFICE

H. H. Dashevsky      A. J. Brockmeyer

The Federal Business Development Bank announces the opening of an office at 1574-149th Street, Edmonton, with Mr. H. H. Dashevsky as Manager and Mr. A. J. Brockmeyer as Assistant Manager.

FBDB, a Crown corporation which succeeded the Industrial Development Bank a year ago, assists the growth and creation of business enterprises across Canada, particularly those of smaller size. It provides financial assistance, management counselling, management training, and information on government programs for business.

Mr. Dashevsky joined IDB in 1969 and prior to his present appointment he was Assistant Manager of the office at 1044-51st Avenue, Edmonton. Mr. Brockmeyer joined IDB in 1970 and previously he was a credit officer in the Brandon office.

The staff of the new office also includes Messrs. G. M. Arsal, R. A. Chaplin, J. M. Gohort, and G. H. Petersen who were at the downtown Edmonton office of the bank.

## Jazz concert series

Community Programs of the Library, in co-operation with the Edmonton Musician's Fund, is presenting a series of eight jazz concerts in the Central Library Theatre during September and October. Each concert commences at 2:30 p.m. on Sundays continuing through October 24th.

Admission to the concerts is free, and everyone is welcome to attend.

# Home vegetable storage

Keeping garden vegetables during the winter months presents a problem in many homes because basements are usually too warm and too dry.

However, with a little ingenuity it is often possible to modify these uncoventional conditions by walling off a corner of the basement. All storage rooms should have a thermometer in the centre of the room, well above the floor.

## TEMPERATURE

Temperature is the most important factor in the successful storage of garden produce. It can be controlled

by using either a mechanical refrigeration system or by using cool outside air. The advantage of the former is that it makes it possible to control the air temperature all year round, while outside air can be used for cooling only during the fall and winter months.

## HUMIDITY

A high level of humidity is also important for maintaining high quality stored vegetables. You can pour water on the floor of the storage area at regular intervals to keep the humidity at a satisfactory level. You will need to wet the floor more

often during the fall than during the winter because refrigeration or ventilation requirements are greatest in the fall. Both mechanical refrigeration and cooling by ventilation causes a loss of humidity. The installation of a slotted duck-walk, in addition to keeping your feet dry when you enter your storage room, will help to provide air circulation under the stored produce.

## SANITATION

Because decaying vegetables quickly cause molds and bacteria, it is extremely important to thoroughly clean the storage room and all

storage containers with a detergent and disinfect before each new storage season. Keep the storage room well ventilated when it is empty and keep the temperature high. Never put cracked, bruised or decaying vegetables into your storage room.

## STORAGE

Although most vegetables require cool, moist storage conditions, some need a warmer temperature because they are easily chilled.

Vegetables requiring warm, dry conditions, include pumpkins and winter squash. These should be put on shelves in a heated basement and placed in such a way that they do not touch each other. Before placing them in storage put them in a dry location for two weeks at a temperature of from 26.5 to 29.5° C.

Vegetables requiring cool, dry conditions include dried peas and beans and onions. Dried peas and beans can be kept in an outside porch or an unheated room of any kind.

However, they should be stored in polyethylene bags (without holes) or in glass jars to keep them dry.

Onions need to be cured for several weeks in a warm, dry, well ventilated location before they go into storage. They are ready for storage when their skins "rustle." Onions will keep for several months in an unused room where the temperature does not drop below freezing. Although it is possible to store onions for a short time in a ventilated storage room, it is best to store them in a separate location.

Vegetables requiring cool, moist conditions include beets, carrots, celery, parsnips, turnips, potatoes and cabbage. Always make sure they are mature and free of injury and root crops should be reasonably dry when put into storage. Since they lose moisture readily when in storage and tend to shrink, it is a good idea to keep them in a perforated polyethylene bag or containers that are covered with a polyethylene sheet. Cabbages should be trimmed and stored in perforated polyethylene bags.

This practice helps them retain their moisture and color.

Potatoes should be stored at a temperature of 4.7° to 10° C. If the temperature is lower than this they tend to develop a "sweet" flavor. Since the temperature in the storage room will probably be lower than that recommended for potatoes, it

is a good idea to build an insulated bin. However, the bin should be vented to allow air to enter.

You can obtain more information on vegetable storage and plans for constructing a storage room from the publications office, Alberta Agriculture, Agri. Culture Building, 9718 - 107 Street, Edmonton, TSK 1E4.

## Alberta Culture sponsors visit by Ballets de Marseille and Karen Kain

The exciting Ballets de Marseille Roland Petit and Canadian ballet star Karen Kain will appear in Alberta during the company's premier tour of Canada this fall. Headlining their program is the fiery interpretation of "Carmen" which triumphed in Paris earlier this year and which brought Miss Kain international acclaim.

Alberta Culture, in co-operation with the Canada Council, will sponsor appearances of the Ballets de Marseille in Calgary and in Edmonton as part of an official cultural exchange between France and Canada. The collaboration of a Canadian dancer and a French company, performing together in their respective countries, makes this tour a unique artistic venture and offers to Albertans an opportunity to enjoy the best of the international stage.

North American interest in the Ballets de Marseille was sparked last year when Karen Kain of the National Ballet of Canada became the toast of Paris in her appearances with the company. A revival of "Carmen," first created by choreographer Roland Petit nearly 30 years ago, won her enthusiastic

reviews from critics on both sides of the Atlantic.

Three major works will be featured during the company's visit to Alberta: Carmen, with the familiar Bizet score and the themes of fiery Spain and passionate love; L'Arlesienne, "The Woman of Arles," a haunting, tragic love story based on the novel by Alphonse Daudet, and Pink Floyd - A contemporary work to the

rock music of Pink Floyd that displays the versatility of Petit's company.

The Ballets will appear in Edmonton at the Northern Alberta Jubilee Auditorium, October 19 and 20 at 8:30 p.m.

Tickets are available at \$7.50, \$6.00 and \$4.50 (student, senior citizen and group rates: \$6.00, \$5.00 and \$3.00) from the Bay Ticket offices.

KAREN KAIN AS CARMEN

## Symphony preview

The Women's Auxiliary of the Edmonton Symphony Society will present a concert preview in the Music Rooms of the Central Edmonton Public Library at 9:30 a.m. on Friday, October 8th.

Featured will be Olga Costopolous previewing pianist Abbey Simon who will be performing variations on Nursery Rhymes by Dohnanyi.

Admission is free and everyone is welcome to attend.

## Around Town

The Town Hall Social Club held a farewell party for Reine Selles at the Legion Hall on September 30th with about 30 staff members present. Mr. Selles obligingly brought along his guitar and accordion and also played the piano. Everyone had a great time and Reine had to get up early the next morning to start his new

duties with the Alberta Council of Aging. His training qualifies him for work in this area, a major interest. Earlier the Social Club had presented Reine with an engraved silver stein and the Parks and Recreation Department, where he has been employed for 18 months gave him a pen set.

## Senior Citizens Report

By Renee Laird

All senior citizens living in St. Albert and district are invited to participate in the activities which take place in the St. Albert Senior Citizens Centre - north of the curling rink. The activities are organized by the Senior Citizens Club who will give a warm welcome to all seniors - whether they are members of the Club or not. Membership is \$1.00 and Lily Szuba (459-8809) or Dan Richardson (459-6229) will be very happy to answer questions about the Club and what

goes on at the Centre.

A lunch which is provided at the Centre every Thursday for a limited number as part of the meals-on-wheels program. Any senior citizens interested in getting out on an occasional hot lunch should contact Hettie Blades at 459-4756 or Pat Gray at 459-7476.

Bowling is also a Thursday activity and anyone interested in bowling on Thursday mornings from 9:30 - 11:30 a.m. should phone John Volmer at 459-5126.

On Friday, November 5,

the action will switch from the Centre to the Community Hall on Perron Street where an Old Time Dance will be held. This will be open to the public at a cost of \$2. per person which is surely very good value for an adult function. Dancing will be from 9 p.m. till 12 midnight with music provided by the Travelling Rangers.

The Kinsmen Club of St. Albert will again be sponsoring bingos at the Centre

for members of the Senior Citizens Club. They will be held every other Tuesday evening at 7 p.m. with the first taking place on Tuesday, October 5.

Whist will be played on the Tuesdays in between the bingos in the afternoon at 1:30 p.m.

Drop in evenings at the Centre are Monday, Wednesday and Friday from 7 - 9 p.m.

## CARD OF THANKS

DOLLEVOET - We would like to express our sincere thanks and appreciation to all relatives, friends and neighbours for messages of sympathy, floral tributes and all the help and food donated during our great sorrow, in the loss of our beloved husband and father, Henry.

## Musicians take heart!

The St. Albert Community Concert Band is coming! Through the auspices of the continuing Education Program, the Band will hold its organizational meeting on Tuesday, October 12, at the Paul Kane Theatre Arts Room, beginning at 8 p.m. The band will be open primarily to adults and senior

students with the overall purpose of the group being that of recreation. The band will attempt to build a repertoire of music so that one or two performances could be held later in the year.

Any brass, woodwind, or percussion players who are interested, are asked to phone either 458-6396 or 459-3841 for further information. Better yet, attend the organizational meeting at Paul Kane, next week.

**Town of  
St. Albert**

### **REQUIRES A RECREATION PROGRAM SUPERVISOR**

Reporting to the Director of Parks and Recreation, the successful applicant will plan, develop, implement and co-ordinate a broad diversified program of recreational activities to meet the needs of the public. Provide assistance to officials of community groups or boards, and organize such services relative to recreation as required.

A capable practitioner with a University Graduation with a minimum of three years of broad recreation experience is preferred, or a combination of experience and training.

The salary range is \$14,170 to \$18,084.00 with excellent fringe benefits.

Applications quoting competition #76/83 should be submitted prior to October 15, 1976 to Personnel Supervisor, Town of St. Albert, Churchill and Grandin, St. Albert, Alberta, T8N 0G2.

## **Around Town**

Dr. Reno Bosetti of St. Albert has been appointed assistant deputy minister of the Administrative Services Division of the Department of Advanced Education and Manpower, Dr. A. E. Hohol, minister announced this week. Dr. Bosetti has been with the department since 1973 as director of Planning and Research, director of College Program Services and, most recently, assistant deputy minister of Program Services. He has a B.Ed. from the University of Calgary, his Masters in Education Administration, followed by a doctorate from the University of Alberta in 1975. His new duties will include campus development budgeting and capital funds, communications, college and university services and legislation.

Work is progressing rapidly on the above house which was built by members of the St. Albert Standard General Junior hockey team. Work on the project was started last August 10th and is almost completed. It is situated on 183 Larose Drive in Lacombe Park and the "Open House" will be held shortly.

## **Understand your children**

Registration for "Children: The Challenge" is still open. The course is held on Monday evenings at Sir George Simpson School from 7:30 to 9:30 p.m. The first class in the eight week program was held last week but Mr. Dave Thomas, course instructor, told the Gazette that it was primarily an introduction and registrations would be accepted next Monday at Sir George Simpson. The course is based on the Adlerian approach to dealing with children within the family.

Another course offered by the St. Albert Protestant School District #6, entitled "Know Thyself" also is based on Adlerian ideas but in relation to decision making. This course is held over the weekend of October 22 to 23 with two follow-up sessions on October 28 and November 4.

Both of these courses

should prove very interesting and worthwhile for people interested in learning more

about themselves and their children.

## **\$1 million granted for health education**

The Honorable Marc LaFond, minister of National Health and Welfare, has approved grants of more than \$1 million for a joint Red Cross - St. John Ambulance multi-media health education program. The announcement was greeted with enthusiasm by both volunteer organizations.

The joint 36-month project will consist of the production of 26 films, 13 English and 13 French, for television viewing in the home and in group sessions as well as a programmed textbook on health skills for home care.

Aimed at a cross-Canada audience, its purpose is to

provide lay persons with basic home nursing skills in a concise, effective way; to teach them the efficient use of available community health resources and to provide health officials with more precise information on the problems of health care in Canada.

Presently, courses in "Emergency Home Care" are being offered by the Alberta - N.W.T. Division, presenting a sensible approach to coping with simple emergencies in the home. These classes will continue, pending the preparation of the joint national program material.

For information on courses available, or on beginning such a course in your own community, contact Family Health Service at the Alberta - N.W.T. Divisional Office, 1504 - 1 Street S.E., Calgary, telephone 266-1066.

# Teen News and Views

By Kelly Daniels  
Community Youth Worker

I'd first like to apologize to the hoards of kids who were unable to get into Saturday night's disco-coffee house in the Grandin Clubhouse sponsored by St. Albert Youth. Because of the overwhelming support for these functions the kids tell me they are now able to move into larger facilities so hopefully we can accommodate everyone next time. Smaller affairs will still happen but they will be restricted to teen club members and guests only so if you want to get in, join up.

It should also be stressed that as in the past coats must be checked and no one who smells of alcohol or dope will be allowed in. I would like to thank Mrs. Jones, Diane and Hope for helping out with enforcing these rules and thus assuring a good time.

It would be interesting to find out why more fathers don't come out to supervise these activities. I guess maybe they're too busy. In relation to this no parent or prospective parents should miss last weekends feature article in the Canadian Magazine. It's got alot to say.

The adult and parent support East Side Teens has been getting these last few weeks is helping it develop into one of the largest and most active groups in town. This past weekend with the unselfish support of Mrs. Cole, Mrs. Kelly, Mr. Moore and Darrel Denney the group was able to collect enough bottles and papers to fill a large garage and they're still going.

Something you might want to catch on our local cable station is a Tuesday night program hosted by Andy Macdonald. Andy is a local youth who has taken on the task of bringing to teens and adults of St. Albert an informative program concerning youth aspirations, concerns, problems and interests. This program will be aired at a St. Albert audience so tune-in at 7:00 o'clock and if you have anything you'd like to see discussed or investigated on the show phone Andy at 458-6601 or give me a call at Town Hall.

## TEEN SCENE

The St. Albert Youth bake sale is being held at the Grandin Shoppers Mall on October 23. Instead of sweating over a hot oven for weekend goodies drop by and support the club and the Teen Recreation Centre.

Commencing this week all

the teen clubs will be meeting at various schools and utilizing the gym facilities for activities later on. To

get involved in these activities you must belong to that particular club and attend the meeting that

evening. The following list should provide a good schedule for the upcoming weeks, so come on out and join.

St. Albert Youth - 7 p.m.  
Leo Nickerson - Thursday  
St. Albert Teens - 7:00 p.m. Vital Grandin - Monday

East Side Teens - 7:30 p.m., S.A.M. - Tuesday.  
Lacombe Teens - 7:30 p.m.  
Ronald Harvey - Wednesday.

## THE ANTI-INFLATION PROGRAM

# Where we are and where we're going.

## 1.

After one year, the anti-inflation program is doing what it set out to do.

The most important achievement has been the drop in the inflation rate. A year ago, consumer prices were rising at a rate of 10.6%. By August 1976, that rate of increase had dropped to 6.2%. This fall some unavoidable increases in energy costs and municipal taxes will affect the rate of inflation. In spite of this, the first year target of an inflation rate of no more than 8% will be met.

Increases in all forms of income—wages, salaries, fees, profits, dividends—are also being successfully restrained. On the average, prices have gone up less than wages this year. This means that most Canadians can cope a bit better, we have more buying power than we had before the program began.

## 2.

The goal of the second year of the anti-inflation program is to bring inflation down even further, to no more than 6%. This can be achieved only if increases in everything slow down together.

In our kind of market economy, prices have to be able to move up and down to some extent. But the anti-inflation program does put an effective restraint on prices by controlling profit margins. In the second year, the price and profit controls are being changed to make the rules simpler and to apply restraint more fairly among different companies. They also include important incentives to encourage the investments the country needs to make the economy grow and create new jobs for Canadians. New investment credits will make allowances for company profits re-invested to boost production and productivity.

In the area of wages and salaries, the second year Guidelines limit increases to 6% as a protection against price increases, with 2% more added as a share of national productivity.

This Guideline is designed to protect and improve the real income of working Canadians, while bringing down the rate of inflation.

All governments are restraining their expenditures. The federal government is limiting growth in its own spending to keep it in line with the overall growth of the Canadian economy. This means that every day hard choices must be made to limit new programs and trim old ones. These choices are painful. But they have to be made if the government is to restrain its costs and avoid contributing to inflation.

## 3.

Nobody likes controls. Not the people whose private decisions are affected by them. And not the governments that have to enforce them. But controls were and are needed, to bring inflation down and to assure a growing economy. The program will be terminated by the end of 1978. Until it is ended, the government is committed to making sure the controls work hard to bring about a continuing reduction in the rate of inflation.

Inflation has to be cut down to protect our personal buying power, our savings and pensions, and jobs for Canadians. If last year's spiral of rising prices and incomes had continued, Canadian-made products would soon be unable to compete in world markets. Imports could easily undercut goods produced and sold here at home. It's especially important for us to keep our prices and costs competitive with the United States, and on both counts the U.S. is still doing better than we are. Finally, inflation also hurts investment. And when investment goes down, unemployment goes up.

After a year of controls, inflation has come down. Progress has been made, in protecting Canadian jobs and improving Canada's well-being. The success of the anti-inflation program so far has depended a great deal on the co-operation of many Canadians. With continued co-operation, we can all look forward to sharing a more prosperous and growing economy.

## BIRTH

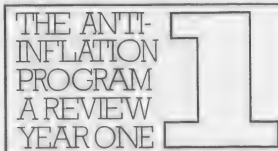

## ANNOUNCEMENT

SCHULZ - Bob and Marg-aret are happy to announce the birth of their daughter Laurie Ann, 8 lbs., 9 ozs. Born Saturday, September 25, 1976, at Charles Cam-sell Hospital, Edmonton. A baby sister for Cindy and Jason. Many thanks to Dr. Buchanan and nursing staff.

# SPORTS

## Britannia Colts capture Provincial soccer title

The Britannia Edmonton Scottish Colts Juvenile soccer team is the youngest team ever to win the Provincial Juvenile Championship, coming through in adverse weather conditions at the Should Ice pitch in Calgary, Sunday to defeat the Calgary Chinooks by a 1-0 margin.

Mike Godfrey scored the lone goal about 30 minutes into the first half. It was a story book effort with Norm Dunroo passing to Stewart Devine to start the action. Picking up Devine's pass Godfrey beat the centre half, drew the goalie out of position and slipped the ball by him into the bottom right hand corner of the net.

The juvenile division is ordinarily for players 16-18 years but the Colts have nobody 18, one 17 year old player and the rest of the squad is 16 or 15 years, with one outstanding youngster, Norman Dunroo only 14.

The Chinooks are a big strong team, but the technical ability of the Colts was a little superior, and the defense played extremely well, forcing their opponents to shoot from well outside the penalty area.

It was an exciting game for the fans, despite winds gusting to 30 miles an hour and light snow part of the time. About 20 spectators went down for the match.

Calgary had an outstanding goal keeper and otherwise the Colts might well have made it 4-0. Outside right, Stephen Barnes, at one time fired four consecutive shots, which the goalie had to be extremely alert to handle.

Paul Little, Stewart Devine and Gerry Liston put a lot of pressure on their opponent's defense, holding them in their own area for a large part of the play.

A young lad with a great future was chosen as Most Valuable Player following the game. Bernie Taylor, team captain and sweeper was outstanding. More will undoubtedly be heard of this young athlete, a well built six footer who makes a lot of good moves.

Andy Genth played a strong game at left back and Kevin McKinnon on left wing again showed as one of the team's best performers. John Jardine, the big powerful right fullback turned in a good game also.

The team enjoyed playing the Chinooks, a powerful willing team which never gave up trying. And following the match the Chinooks treated their visitors to chicken supper in a sportsman-like spirit which came as a great surprise for the hungry winners.

Coach Lawrence Barnes felt that the success of this young team in coming through as the most outstanding juvenile Central team in Alberta, was due also to the fact they have substitutes who give everything possible in every game, and had praise for fellows such as Chris Odings and Alan Stephens, as well as Remi Rudick who shares the goal keeping responsibilities.

He mentioned striker Rod Gillespie - always dangerous, a strong tough player.

He felt that winning the championship would be an especially gratifying experience for Tony Bencivenga,

as this is probably the last game with the team for him during the outdoor season.

Following the game, a brand new Provincial Cup, suitably engraved was pre-

sented to the team. The Colts are coached by Barnes and assistant Les Reeves, both of St. Albert and carries a strong quotient of local players.

## Comets open practices tonight - 10 teams in league

St. Albert Comets, member of the 10-team Alberta Major Intermediate Hockey League will open their 1976-77 training camp tonight at the St. Albert and District Arena at 10 p.m. sharp.

All positions are open to St. Albert and district intermediate players. Full equipment is required including sticks.

Practice dates and times are:

**Wednesday, October 6th, 10 to 12 p.m.**  
**Sunday, October 10th, 10 to 12 p.m.**  
**Sunday, October 12th, 10 to 12 p.m.**  
**Wednesday, October 13th, 10 to 12 p.m.**  
**Saturday, October 16th, 8 to 11 p.m.**  
**Tuesday, October 19th, 10 to 12 p.m.**  
**Wednesday, October 20th, 10 to 12 p.m.**

Comets will also play a pair of pre-season exhibition games. Friday, October 22nd they meet the St. Albert Standard Generals junior B

team, and Sunday, October 24th the Wetaskiwin Colonels will be here. Both games will start at 8 p.m.

St. Albert will play a 36-game schedule starting with Sherwood Park Barons in the season opener here on

Saturday, October 30th.

Other league teams are - CFB Trojans, Camrose Maroons, Fort Saskatchewan Huskies, Edmonton Bruins, Stony Plain Eagles, Westlock Eagles and Enoch Tomahawks.

## Bowhunters welcome newcomers

The Northern Bowhunters Association, a group of archers, meet at Jasper Place Composite High School every Tuesday evening from 7 to 10 p.m. Archers age 16 and up are welcome. If you have equipment of your own bring it along, but if you are just beginning come out and try

the sport and the experienced members can offer their advice on the type of equipment you should purchase.

For more information contact Steve Knobbe at 458-1147 or Bill Ford at 962-2749.

## Two wins, two losses in minor football with Sherwood Park

Home fields proved beneficial to all eight teams in the interlocking minor football games played with Sherwood Park this week.

Willowbrook Homes and Floyd's Towing both obliterated the opposing first and third place teams from the Park, with scores of 56-0 and 28-0 respectively.

The play was much closer in Sherwood Park where the Park met St. Albert's second and fourth place teams. Carma Crusaders lost 24-18 and Standard Generals lost by a 26-24 margin.

Willowbrook scores were Chris Johnstone, 4 T.D., Craig Rusnak, Taylor Sedgewick, Kory Stevens and Keith Wells, one each; John Holden two converts and defense - two safety touches. Scoring for Carma were

Mark Akins, Chris Hughes and Mark Slessor.

Floyd's Towing scorers were - Marty Hoffart - one T.D., Ashley Gusioski - two T.D. and Garret Doll with two converts.

Scoring for Standard Generals were Harold Roscher - two T.D., and Tom Shipanoff and Terry Doucher with one apiece.

Any parents, prospective coaches, or other officials wishing to help out with the duration of this year and next year would you please attend our meeting - Thursday, October 7, 1976 at 7:30 p.m., downstairs room #4 Percy Page Centre.

If you would like to help and cannot make the meeting, please call and leave your name at 458-1565.

p.m., October 23rd, 5 to 7:30 p.m., October 28th, 7:30 to 10 p.m.

### JUVENILE

October 9th, 9 to 11 p.m., October 12th, 8 to 10 p.m., October 17th, 5:30 to 7:30 p.m., October 19th, 8 to 10 p.m., October 24th, 5 to 7:30 p.m., October 25th, 6 to 8 p.m., October 25th, 8 to 10 p.m., October 26th, 10 to 12 p.m., October 27th, 9 to 10:30 p.m.

All teams are expected to have their league schedules shortly as most leagues start play in early November.

## Oilers open season Friday against Whalers

The new look Edmonton Oilers under head coach Bep Guidolin play host to the New England Whalers Friday night in the opening game of the 1976-77 World Hockey Association season.

Game time is 8 p.m., as are all weekday and Saturday games, while all Sunday games will start at 7:30 p.m.

A breakdown of the 80 game schedule shows the Oilers playing six home games in October, November, December and January, nine in February, five in March and only two in April. Winnipeg Jets and Calgary Cowboys are here the most times, with five appearances each. Phoenix Road

Runners, Houston Aeros and San Diego Mariners are here four times each while New England Whalers, Indianapolis Racers, Birmingham Bulls, Cincinnati Stingers, Quebec Nordiques and Minnesota Saints are visitors three times.

## Ring- necked pheasants released

The Fish and Wildlife Division of Alberta Recreation, Parks and Wildlife will release 5,000 ring-necked pheasants, reared at the provincial hatchery in Brooks, in several areas from Edmonton to Lethbridge to improve pheasant hunting.

Assistant Deputy Minister Gordon Kerr says the prized game birds will be released prior to the pheasant season which opens on October 13 and extends to November 20.

Release sites will be accessible to hunters and will provide abundant food and protective cover for the birds have been selected. The greatest number of pheasants will be distributed near Lethbridge, Brooks, Strathmore and east of Edmonton. A number of birds will also be transplanted to upland bird habitat development project areas in the Lethbridge and Red Deer regions.

The aim of the annual pheasant release program is to supplement native pheasant populations in southern Alberta and provide hunting opportunities in central regions where pheasants do not normally thrive.

Wild pheasant population have been extremely low in recent years because much of their habitat has been reduced through land use changes.

Mr. Kerr emphasized that permission must be obtained to hunt of private land. He urged sportsmen to strive for good relations with landowners to assure future hunting opportunities.

Nick Muzehuk (left) and Mike Mitchell were two happy moose hunters as they proudly show off the 800 pound animal they shot last weekend in the Slave Lake area.

The easy part was shooting the moose but then the hard part came as Nick and Larry Mitchell had to pack the animal out of the bush. After some seven trips and five hours later they finally got the whole animal out.

# Recreational Report

From the St. Albert Parks and Recreation Dept.

## FIGURE SKATERS

C.F.S.A. Preliminary figures and up skaters not registered with S.A.F.S.C. who want occasional patches/free skate must phone 459-8336 as soon as possible for their placement in the 1976-77 program.

The St. Albert Figure Skating Club will help parents to organize an outdoor program for skaters wanting instruction. A meeting will be held in October,

and registrations will be taken at that meeting. Cost will depend on the number registered.

## TOYS NEEDED

Toys are needed for the Ladies Keep Fit pre-schoolers. If you have any toys you wish to donate, please take them to the Community Hall on Perron Street, any Monday or Tuesday between 9:15 and 11:15 a.m.

## HANDICAPPED CRAFTS AND GAMES

A program of crafts, games and social activities is planned for Mondays 4 - 5:30 p.m. at Grandin Clubhouse for handicapped children 8 - 12. The program is free of charge and will commence October 18. To register, phone Town Hall Parks and Recreation and leave your name and number.

## BOXING

Any boy interested in boxing, ages 8 to 16, please phone Mr. or Mrs. Larsen at 459-7415.

## SAINTS AND SINNERS SQUARE DANCE CLUB

Final registration for the Saints and Sinners square dance club will be held at the Grandin Clubhouse on Grenfell Avenue, Tuesday, October 12 commencing at 8 p.m. The cost of registration is \$25 per couple and covers one-half of the season.

The club started their season as of October 2nd at Sir Alexander Mackenzie School. They swing and sway the first and third Saturdays of the month from 8 - 10:30 p.m.

Syd DeGuire is the caller and all modern square dancers are welcome to come out and join in the fun. For further information contact Neil Velly at 459-8297 or Maureen or Dick at 459-3529.

## PHYSICAL CULTURE WORKSHOP

A physical culture workshop will be held in Spruce Grove October 16 to 17. It will be of interest to those instructors who have already been involved with the program either as a student or instructor. The course will be held in the gymnasium at the Brookwood Elementary School, King St. Spruce Grove from 10 a.m. to 4 p.m. and it is suggested that a packed

lunch be taken along though coffee will be provided. Registrations must be made by October 9 and the fee is \$20.00. For further information contact Parks and Recreation Department 459-6601.

## POWER SKATING

No further registrations can be taken for the current session of power skating. Another session will be held in the new year at which time registrations will be taken.

## MACRAME

There are still openings available in our macrame workshop to be held October 30 and 31 at the Arts Centre. The sessions will run nine to four each day, registrants will be supplied with a list of supplies required, and the

cost is \$8.00. If you wish to take part in this workshop call the Parks and Recreation Dept. 459-6601 and register now.

## ST. ALBERT MENS SPORTS CLUB

Men interested in playing volleyball or basketball should take note that the St. Albert Mens Sports Club will be holding a registration at 8 p.m., October 12th in the Ronald Harvey School. They will be playing every Tuesday thereafter.

## SWIMMING BADGES

We now have in the Department badges for those swimmers who completed their R.L.S.S. tests. They may be obtained by dropping into the office between 8:30 and 5, Monday thru Friday.

## K of C Sabres trounce South Edmonton squad

St. Albert K of C Bantam Hockey Club opened exhibition play on Sunday in the St. Albert Arena. K of C's thoroughly outclassed the South Side Legion "AA" Bantam Club as they came away with a 9 to 3 victory.

Coach Maurice Chabot and assistant Craig Neeser reduced their club to 17 players following the game. They must reduce by one more player before league play

starts.

St. Albert came out fast from the opening whistle and scored three straight goals before S. South got untracked. Keith Heyburn, Rus McCrae and Troy Murray flicked the red light, with assists going to Antoniuik, T. Murray and C. Murray. Troy Murray's goal was an unassisted effort. S. Side Legion scored twice before the period ended to make the

score a respectable 3 to 2.

When the second period got underway, K of C's poured it on and scored four more goals by Joly, Gramlich and Bokenfor with two. Joly got one unassisted with other assists going to Kunz, Weller, Gramlich and Clark.

S. Side scored their third goal before the second period ended making the score 7 to 3. St. Albert got the only goals in the third period as Bokenfor completed his hat trick, with McCrae getting his second of the game. Assisting on the last two K of C goals were Myck, Sabourin and Kunz.

Goalkeeping was split between K. Pennington and B. Chabot. Workouts continue this week in the St. Albert Arena.

## Soccer Cup final

Results are in as follows on the Hercules Sports Association's second annual Cup Final day:

The Tigers defeated the

Jaguars 2-1 in the senior girls event, while Wildcats shutout the Cheetahs 6-0 in girls junior.

Mohawks Peewees took out the Blackfeet by a 2-1 margin, and in Mite B play it was equally close with the Bears winning 3-2 over the Cubs. Buffaloes defeated Mustangs 4-1 for Mite A honours.

In the mini-mite division it was the Robins over the Falcons by a score of 4-0.

Because of rain two exhibition games were cancelled, the senior girls and the mite A boys.

## Bowlers win prize

The Colonel Saunders "Bowler of the Week" went to Doris Koshman for the ladies and Gavin Cotter for the mens league. This award is presented each week to the bowler in both ladies and mens divisions for the highest game pins over average. The prize is a bucket of delicious Colonel Saunders chicken.

# It seems we've heard this song before

Federal state issues dominated the Western Governors' Conference held Sept. 19 to 22 in Jackson Hole, Wyoming.

The governors, both liberal Democrats and conservative Republicans shared similar views on a now critical problem in state government: how to influence federal laws and regulations that directly involve the states.

Reporting on the conference for the Christian Science Monitor, Judith Frutig said that in energy-rich Colorado, environmentalists and Department of Interior

are trading pot shots on what standards should govern production of the state's vast coal resources. In Alaska the same two departments are arguing over the development of oil on the outer continental shelf. In the state of Washington Federal Ed-

funding.

Washington's Republican governor, Daniel Evans, along with two Democrats, Governor Calvin Rampton of Utah and Governor Cecil Andrus of Idaho took part in a major workshop session on "state-federal relations."

downtown office and retail development sites in Edmonton, Calgary and Vancouver and well as in Toronto and looks to increase its activity in the United States as well.

The company will continue to concentrate on relatively

criminal charge of obstruction against their leader, Peter Burton, was dismissed. The charge had been pressed by Alcan against members of the Canadian Association of Smelter and Allied workers for defying a back-to-work order during an 18-day wildcat strike at the Kitimat smelter.

During the bitter dispute three back-to-work orders from the Labour Relations Board had been defied by union members, including for two weeks the final order which had been filed with the Supreme Court.

In the landmark ruling Mr. Justice Henry Hutcheon said the Supreme Court should not be used as a means of punishing those who disobey orders of the Labour Relations Board.

## The Business Scene

education officials say Washington schools have not been properly desegregated and have ordered schools to bus teachers, or lose federal

"I think that in the next decade we will see a marked shift back from federal control to state control" said Mr. Evans in an interview.

small projects, but may undertake more projects in the \$6-10 million range. President R. A. Greiner feels a firm must look a long way down the road to see a yield on a \$50 million project.

## A Look At Other Centres

GROWING PAINS ARE COMMON

The Leduc-Strathcona Water Board and the federal Ministry of Transport are holding discussions on a proposed second water line to serve the two counties, the Town of Leduc and the International Airport. A large size line is required to handle fire protection at the airport. The Board also hired a consulting firm from San Francisco which has determined that prices charged for water by the City of Edmonton to outlying areas are too high, and hopes to persuade the Public Utilities Board to lower them.

The Town of Leduc is holding firm on its policy of limiting growth to 10 per cent and the three major developers have been allotted 100 houses annually until 1978. L. G. Grimbale and Associates are presently conducting a growth study for Leduc and no changes in policy, or compromises with developers are being entertained pending the completion of the study.

The policy is drawing the ire of developers such as Block Bros. who tried to get an encompassing development agreement for an entire quarter section in the west subdivision, but councillors stood united, citing water supply and servicing problems as reasons not to deviate from the slow growth policy.

### CUPE MEMBERS BACK PROTEST DAY

Westlock School Division will not have the services of Canadian Union of Public Employees (CUPE) on October 14th. Local 1661 advised the division that bus drivers, shop workers, caretakers and maintenance men would participate in the one day strike against the federal anti-inflation program. Schools will be open and the Division hopes that parents will see the children get transported.

There is some unhappiness among parents in the Westlock division who feel that early by pickups and late returns make an exhausting day for little ones. The parents suggested using a "feeder" bus in the system. They are also irate at the three to a seat on school buses as stipulated by government regulation.

### ATHABASCA NEAR SEWER CAPACITY

Water and sewer facilities in Athabasca are working to near capacity in the Town of Athabasca and the Department of Environment has advised council of the necessity to upgrade sewer facilities. At present this is not holding up subdivision applications. The Town is also holding public meetings on the formation of a General Plan.

### RCMP ASK AID OF PUBLIC

RCMP are cautious about lowering speed limits in Whitecourt to 25 miles per hour to control stunting and speeding in the town and have requested the co-operation of the public by way of taking license numbers and calling the detachment. Stunting offences, which include squealing tires, can result in a fine of \$25.00.

### DEVELOPERS LOOK AHEAD

MEPC Canadian Properties Ltd. of Toronto expects to average about \$30 million per year for the next three years in development of downtown and suburban office space, suburban industrial space and downtown and suburban shopping areas.

The firm owns several key

### LANDMARK COURT DECISION

Decisions by the Supreme Court of British Columbia and the court in Kitimat appear to point the way to leaving labour disputes to the B.C. Labour Relations Board.

Twelve Alcan Aluminum were found not guilty of contempt of court, and a

## The price of power

Is there a light on in your home - right now - that isn't really needed? Is there a dripping tap that someone forgot to turn fully off? Is the thermostat as low as it could be?

If your home is like most, you're probably wasting power every day in a dozen different ways without realizing it. And that's costly. Costly for you and costly for the country.

One tap that leaks 60 drops per minute, which is not unusual, wastes almost 200 gallons of water a month. That's about 3 per cent of what the average family uses monthly (8,000 gallons), and 3 percent of your water bill. Fix the tap, washers cost less than a nickel a piece.

It costs about \$3.00 per month to run your food freezer, so why have it half empty? Home economists say that it costs more to run if it isn't full or nearly full. Pack the empty space with bread and reduce your running costs.

To help you keep a close check on the power you use around the house, here is a list of appliances with the typical monthly usage expressed in KWH (Kilowatt hours). Power charges vary across the country but for the purposes of this guide we've used a rate of 5 cents per KWH.

Check your hydro bill to find out what your kilowatt hours cost ... and start switching off those lights and

appliances when they're not wanted.

| Item                     | Approximate Monthly KWH | Estimated Cost |
|--------------------------|-------------------------|----------------|
| Refrigerator (8 cu. ft.) | 25                      | \$ 1.25        |

## Triple boom in Sturgeon building permits

Construction permits issued so far this year in the MD of Sturgeon are nearly triple what it was in the whole of 1975.

Increasing industry and a Federal maximum security penitentiary are the main contributors to the sharp increase.

Secretary-treasurer for the MD of Sturgeon, Alphonse Nobert says in the first nine months of 1976, \$19,702,647 construction permits have been issued.

This compares with a figure of only \$7,091,000 for the whole of 1975.

Construction of the penitentiary should get underway this winter on the Sharpe Farm site about six miles north of Edmonton.

A total of 364 building permits have been issued over the first nine months of 1976 compared to 234 for the whole of last year.

A breakdown on the figures shows \$3,022,000 in industrial permits issued in the first nine months of this year compared to only

\$591,000 last year.

Residential permits have more than doubled from \$4,000,254 in 1975 to \$8,185,780 in the first nine months of 1976.

And with the coming of the penitentiary, the slot for institutional permits goes up from zero dollars in 1975 to \$4,443,000 for the first nine months of 1976.

Other figures show a slight increase in farm house permits from \$1,400,000 to \$1,990,000 in the same time frame.

A big increase is also shown in recreation building permits (for arenas and the like) from \$15,000 in 1975 to \$566,000 for the first nine months of 1976.

Increases in agricultural building permits are also shown. From \$147,000 last year to \$323,000 so far this year.

Figures for small acreage mobile homes fit into the general growth pattern with an increase from 1975 of \$101,000 to \$220,000.

Permits for mobile homes on farm residences have more than tripled from \$241,000 to \$758,000.

The smallest increase is in commercial construction permits from \$267,000 in 1975 to \$350,000 in the first nine months of 1976.

In other MD news, servicing a 183 lot residential development near Cardiff, with roads, water and sewer has just got underway.

And the yearly clean-up of the Manawan Drainage ditch is in progress, with the ditch being widened to provide adequate drainage for the new Forest Glenn Dixie subdivision in Morinville.

The Alberta Department of Transport has approved the widening of Highway 28 near the Nmao Composite High School to four lanes at the entrance of the school. This approval was handed down at the regular development meeting of the MD September 30th.

NEW SUPERINTENDENT OF Sturgeon Regional Recreation Larry Kirkpatrick (left) took over October 1st from Laurent Coulombe (right) who leaves Sturgeon Regional Recreation to start up his own ornamental ironworks business in Legal. Mr. Coulombe had been regional recreation superintendent for two years.

## School subject of evaluation

The Vimy school situation is being evaluated by four consultants from the department of education.

Earlier this year parents indicated they wanted more special education teachers after tests showed about 35 per cent of students had learning difficulties, three to five times more than normal. A spokesman for the Westlock School Division, the education authority for Vimy, says evaluators are looking at the area of French, language

arts and religion.

Parents want a religion course taught in the lower grades and a French language program geared to local needs.

The nine grade school has six teachers all newly hired.

Future reports on the Vimy school may show the way to an ideal solution for the facility, after parents pulled out children last June for what they felt were declining standards in education.

## Calahoo residents call public meeting

A committee of concerned citizens of Calahoo are sponsoring a public meeting on Wednesday, October 13 at 7 p.m. in the Calahoo arena.

Purpose of the meeting is to discuss the Onway Gravel Study, roads and future development of the Calahoo and Villeneuve areas.

Included in the invited guest list are representatives from the Municipal Council; Shelley and Associates; Departments of Environment, Transportation and Housing; Metis Association and MLA Ernie Jamison.

A spokesman for the Calahoo citizens told the Gazette that the people of the area were becoming very concerned about the condition of the municipal roads in the area.

The people were also interested in future development and just what the gravel study means to their area. Residents of Calahoo and Villeneuve districts are cordially invited to attend the meeting, which will be open to questions from the people.

## Spotlight on Sturgeon

### Emergency first aid service needs dollars transfusion

A much needed and well appreciated emergency first aid service continues serving the Bon Accord and Gibbons areas, but its future is hanging in the balance unless it receives a \$20,000 transfusion quickly.

Nigel Mansfield, superintendent of the St. John Ambulance Emergency Service which covers the Bon Accord and Gibbons areas says he is willing to continue the service. But because of higher expectations in the level of treatment and equipment, and tougher government regulations, more cash is needed to keep the emergency service going.

To that end, later this month a blitz will be held in the area served by the emergency brigade, which consists of six volunteers as well as the superintendent.

Mr. Mansfield told the Gazette that while the service's ambulance is now out of commission, the volunteers in the organization are still on call and still capable of mounting a rescue operation in their own vehicles.

But ideally the emergency service is looking at a new \$15,000 ambulance to take over from the previous vehicle, to give the level of service the community has come to expect.

The old ambulance which was first used by the St. John unit about two years ago will likely be sold to a hospital for its own transfer services.

Local councils have been known to donate \$300 grants in gestures of support for the emergency service. But with overheads of \$2500 a year and above for insurance, fuel, repairs and other costs, the Bon Accord-Gibbons service is going to need more than these small amounts if it is to get along at more than limping pace.

Over 2,000 people can experience the benefits of the emergency first aid service in the vicinity of Bon Accord and Gibbons, but it needs continuing support.

Let's hope the blitz October 16-23 gets the desired results. Perhaps it might give those covered by the service a jolt, as there is always the danger that such a service might be taken for granted.

## UNIFORM'S AGRICULTURAL REVIEW

A summary of Trans-Com meetings held earlier this year in a number of Alberta communities reveals an almost unanimous deep concern about the effects of changes in the transportation system on the future of western Canada.

Prompt in briefs from concerned groups in all parts of the province, was the fear that the social and economic impact of loss of branch lines and elevator services would constitute a severe blow to communities already suffering from declining populations and business volumes.

Looking beyond parochial concerns was an often-expressed broader fear that the rail lines abandoned now may be badly missed later when the petroleum-based energy situation reaches a more critical stage.

The attitude of a majority of submissions appears to be aptly summed up by the brief that stated, "it seems foolish to discard something so important and valuable (as rail lines) without a practical alternative to replace them."

The summary was produced by Uniform, which worked in conjunction with Alberta Transportation in preparing material and providing field staff to help organize communities in their responses to proposed rail line abandonments.

\*\*\*

Commenting on the cow-calf support program announced recently by the provincial government, Uniform President Dubson Lea

said he welcomed the Alberta government's attempt to assist producers in the province who are in serious financial difficulty, but he said, the help should have come from the federal government.

Mr. Lea was critical of federal policy that made cheap off-shore beef available in Canada at levels that indicate a "callous disregard for the future of the beef producer, particularly the western cow-calf operator."

"Ottawa's failure to assume its responsibility for what we believe is a subsidy largely of benefit to consumers in other parts of Canada is disappointing, and the provincial program is acceptable only as an emergency measure to prevent the disappearance of a large part of this industry from Alberta," the Uniform president stated.

\*\*\*

Annual convention of Women of Uniform will be held at the Macdonald Hotel in Edmonton on Monday and Tuesday, November 8th and 9th.

Following addresses of welcome by Lt. Governor Ralph Steinhauer, Agriculture Minister Marvin Moore and Edmonton Mayor Terry Kavanagh, delegates will apply themselves to a heavy business schedule that includes election of president and vice-president and discussion of a number of resolutions.

As well as registered delegates from each farm local, visitors are welcome to attend.

## Man gets 30 months for Legal liquor theft

Albert Denis Huculak of Edmonton has been sentenced to 30 months gaol in connection with a \$15,000 liquor theft at the Legal Liquor Store, September 25th.

The decision was handed down recently in Edmonton Provincial Court.

## Morinville can proceed with \$450,000 reservoir

Morinville has just received a Local Authorities Board order allowing it to proceed with construction of a \$450,000 water reservoir.

The reservoir would be located on the north side of the town of 2,000 people southeast of the water treatment plant.

Part of the reservoir will be

Huculak was charged with possession of stolen property after 140 cases of liquor had been discovered by RCMP in an Edmonton garage.

An RCMP spokesman in Morinville said investigations are still continuing for other suspects relating to the theft.

built underground and will have a capacity for half a million gallons. Town Secretary Paul Brochu said Monday, Morinville will borrow \$350,000 for the project.

The reservoir will supply the water needs of Morinville up to the 8,000 population mark.

## Marsh World

Ducks Unlimited (Canada)

**WILSON'S PHALAROPE** — This dainty little shorebird nests on the grassy uplands bordering marshes. Unique among shorebirds, it is the female phalarope that sports the bright, strikingly patterned plumage, while the male, in much subdued tones, attends to nesting chores. He incubates the eggs! When swimming, phalaropes ride high on the water, spinning around in little circles, bills dipping below the surface to pick up aquatic insects stirred up by their activities. They also consume quantities of dry land insects when feeding on dry meadows bordering the marsh.

# Legal Locals

**By Connie Maurier**  
Attention all girls ages 7-10. There are still openings to register for Brownies. The fee is \$8.00. For more information contact Marilyn St. Jean at 961-3697.

Last Wednesday there was an unfortunate loss of property caused by fire at Maurice Chauvet's. The Chauvet family would like to thank the Legal fire department, the RCMP officers and all those who kindly helped during the mishap.

Mayor Morin has proclaimed Clean Up Week to be from October 12th to 16th. Everyone is asked to co-operate during this time and to put all their refuse in the back alleys where it will be picked up.

The following 4H members will be receiving their 4H membership certificate at the October 11th meeting. These members have completed one year of 4H but did not return this fall: Stuart Kenny, Dolores Tieule, Michelle and Abbey Gilbert, Kathy Gerla, Annette Laforce, Raymond Veniot, Lan-

ce and James Stevenson, Richard St. Jean, Susan Parenteau, Lynne and Kim Trihart, Gwen Fredsburg, Mary Lynne Labrecque, Susan Maurier and Irene Daoust. All the members who have returned for their second year of 4H will be receiving their certificates at a later date.

Norm Letourneau and Roger Gagnier were the two Legal Knights of Columbus who attended a two day KC seminar at the Providence Centre in Edmonton last weekend. The purpose of this seminar was to get to know more about the KC duties and amongst the many topics discussed such things as vacations and abortion movements were brought up.

All members of the Legal Knights of Columbus council are urged to attend their first monthly meeting to be held on the Thursday, October 21. Very important decisions are to be made at this meeting.

The Mother's Local is putting on a bake sale Saturday, October 16 at the Legal Co-op. All proceeds

will go to the Brownies and Guides. Food and cash donations would be greatly appreciated and can be given in advance to Irene Maurier, or Claudette Onellette or to the Commissioner Muriel Doucet. You can call her at 961-3066.

## GRADUATION

Don't forget the Legal High School graduation on October 16. Anyone can attend the ceremonies. Tickets are being sold for the banquet. You can purchase them from Lucy de Champlain (961-2201). A dance will follow the exercises at the gym. The band featured is the "Shivers."

The Legal students are now preparing a special celebration for Friday, October 8 at 11:15 a.m. in the Church. They are inviting all the Legal parishioners to join in with them in thanking God in a special way for all the blessings we are receiving from Him.

There is a congress which will be held in Fort Kent on the 20th of October for all the

MFC members. It is hoped that there will be enough ladies from the Legal group that will take active part in it. Give your names immediately to Lorette Pelletier - 961-3877.

A bridal shower was held for Patsy Montpetit on the Sunday evening of September 26. Some 113 women enjoyed themselves at this wine and cheese occasion hosted by Margo Laberge, Kathy Proulx, Louise Caouette and Dorice Letourneau. The theme chosen for Patsy's shower was "Love, the Open Door." Set at the honour table along with the future bride was grandmothers Yvonne Montpetit and Marguerite Prefontaine and grandmothers of the future groom, Caroline L'Heureux and Claire Anne Letourneau; mother of the

bride, Lucienne Montpetit, and mother of the groom, Fernande Letourneau. Standing at the front of the head table was a life size doll dressed up to look like "Gerald the Plumber." It so happens the groom to be, Gerald Letourneau is plumber by trade. During the evening everyone participated in playing games, viewing the many lovely gifts, and feasted on a delicious luncheon.

On October 2 at the Community Hall a social evening was held for Gerald and Patsy sponsored by their bridal party, Darcy Brisson, Emil Larose, Tom Laberge and Claude Letourneau, Margo Laberge, Kathy Proulx, Louise Caouette, and Dorice Letourneau. Gerald and Patsy are now anxiously waiting their wedding day which is October 23rd in Legal.

## AWARD WINNER 4H GUEST

The 1976 Provincial Premiers award winner, Miss Carol Miller will be guest speaker at Legal 4C-4H Club meeting, 7:30 p.m., October 11, at Legal Rec. Centre. The topic in which she is to speak will be "The Value of 4H," and also, "Keeping Good Record Books."

Parents are welcome to attend and participate in the 4H business meetings to learn more about 4H.

Members are reminded to have suggestions ready for the following: design for club crest, fund raising projects, club uniform, and club tour. These will be handed in on a paper during roll call to Diane Royan and Nicky Zilinski, who are junior leaders in charge of fund raisings and special projects.

## Thieves steal full freezer

**By Norma Crozier**  
Mr. and Mrs. Clive Potter were the victims of a daylight robbery last week when thieves broke into their

home. They are missing their T.V. and radio and their freezer full of food, which is irreplaceable.

A shower will be held in the Namao Community Hall on Tuesday evening, October 12th at 8 p.m. in honour of Dr. Joyce Romanowski who will be married on October 30th.

Namoo UCW will hold their meeting at the Church on Wednesday, October 13th at 1:30 p.m. Final plans will be made for the fall supper which will be held on October 23. All interested ladies are invited to attend.

Mr. and Mrs. Charles Horricks have moved from their farm home to a new home in Castledowns in Edmonton.

## Namoo 4H Clothing Club

**By Bernadette Huber**  
Namoo Buttons and Bows 4H Clothing Club held its annual organizational meeting on September 21, at the home of Mrs. Betty Zaharichuck.

The meeting began with last year's executive members explaining to the new members the meaning of 4H and our club motto, "Learn to Do by Doing." Following this was election of officers for the 1976-77 term - President, Debbie Zaharichuck; Vice President, Maria Huber; Secretary, Leslie Fay; Treasurer, Susan Craig; Club Reporter, Bernadette Huber; Recreation - Cheryl Paul, Kathy Zaharichuck, Rosalie Huber, Jennifer Clarke, Kate Strong, Tracy Weisgerber, Cathy Christenson and Pam Gabbey; District County Representative - Denise Powell, Joanne Strong; Phoning Committee - Michael Fedorchuk, Beth Strong.

On October 23 at the turkey supper the club will be having a candy sale, fish pond, and a pattern exchange. Members ask that you bring any old patterns that you no longer have any use for, to use for exchanges.

Next meeting will be held October 26, at the home of Mrs. Frank Fay at 7:30 p.m.

# Gibbons News

By Karen Hogg

A week long blitz of the Bon Accord-Gibbons ambulance service going again will take place from October 16 to 23, for both villages and surrounding areas. The objective is to raise \$20,000 and canvassers are needed. If you would like to help, phone C. Sullivan 921-2392.

## THE SCOUT CORNER

There are 22 boys and girls registered in Scouts at the present time. Any boy or girl between ages 11 and 15 who is interested in joining may still do so by contacting David Blais at 923-2120.

The Scouts have cut the grass at the Lions Park this past week. Three Scouts were also asked to help out at the Soccer Club banquet. They were Craig Grant, Albert Cuthbert and Terry Zelman. Any group wishing the Scouts to do any service work please phone either Gary Cuthbert at 923-2335 or David Blais at 923-2120.

The Cubs and Scouts plan to help clean up the reserve area on 47 Street in October with weather permitting.

A battery and bottle drive in the Coronado area is being planned for this fall followed before the snow flies.

On October 5th the Scouts will be going on a field trip to the Muttart Conservatory. A fall camping trip is planned for the weekend of October 15, 16 and 17 at Camp Kipling. Parents of the new Scouts will be asked to attend the Investiture of their sons and daughters into Scouts on Sunday, October 17 at Camp Kipling if the weather permits.

## GIBBONS MINOR SOCCER ASSOCIATION

The association wound up its activities Friday, October

1st with a banquet and presentation of trophies. Gibbons Mini Mite 1 and Mite teams took the league trophies in the Strathcona and district league. Being a first year endeavour the boys did extremely well.

Other presentations made were to the most improved players from each team: Daryl Hawkins - for the peewees, Ian Walmsley - for the mites; Dana Nault for the Mini Mites 1 and Lee Roc for the Mini Mites 2.

A very big vote of thanks was given to the sponsors from the coaches and parents in attendance and a special vote of thanks went from the community to a couple who have gone out of their way to help amateur sports and children in general in the community. This was given to Mr. and Mrs. Wilf Oliver in an unveiling of a sign board denoting the name of Oliver as the name given to our soccer park here in Gibbons.

The sponsors present were Mr. and Mrs. John Vanderpoll, Vanderpoll Const., Mr. and Mrs. J. Archer. Rec. Board; Mr. and Mrs. Knott, Knott Insurance Agencies; Mr. and Mrs. M. Montpellier, Hall Board; Mr. and Mrs. Tokar, Standard General Const., Mr. and Mrs. Dawn, Melton Realtors; Mr. and Mrs. Earl Yeo, Canadian Legion; Mr. and Mrs. Hawkins, Pop Shoppe; Ladies of the Canadian Legion. Other sponsors who wished to remain anonymous were also thanked. Without these people it would have been impossible to have enjoyed the success that we have had.

A word now regarding next year's season which will start hopefully around the end of April, 1977. During the split season this year the

coaches found that the support of parents were either non-existent or very little. Parents, this league cannot exist without your help. It does not take very much of your time to drive your children to a game and even more important give him the support needed to rouse him in his skills. It might be interesting to note that the two teams who had most of the support were the winners of the trophies. So parents get out of those easy chairs and help us. Let us all look forward to an even more successful season next year. President of the Strathcona and District Soccer Association Mr. B. Forde presented all the trophies. Hopefully we will, with parents help, see a girls team enjoying this sport in our community. The Gibbons Scoutgroup were thanked for their participation at the banquet.

Congratulations to Mr. and Mrs. Murray Carson on the birth of a baby girl, Lori Angela weighing in at 9 lbs. 6 ozs. on September 25th at 7:53 a.m.

Yes, it's here again! The Anglican Church supper, bazaar and bake sale on Sunday, October 24 from 5 to 8 p.m. at the Hall. This is one supper you won't want to miss.

The community would like to welcome Bob and Angela Russell and their six children to Gibbons. The Russells' are the owners of the Lucky Dollar Food Store and what a success it is. Bob is also a licensed auctioneer. Right now he lives in Edmonton but is trying to find a home or acreage in the Gibbons area.

Tom and Olive Coley left for their winter home in Arizona on October 4th. They leave when the snow comes and come back to Gibbons when the snow leaves.

Mrs. Ula Mabbutt and her sister Mrs. Ora Hornsby of Peachland, B.C., left for Minneapolis to visit their sister Peggy. They also left

on October 4th. Hope you have a good time!

## GUIDES & BROWNIES REPORT

By Naomi Ponceh

The Gibbons Local Association of Brownies and Guides will be holding a paper drive on Thursday, October 14 starting at 6:30 p.m. Anyone having papers are kindly asked to have the papers bundled and tied with 10 papers to a bundle as it makes it easier for our young girls to handle. We will also accept magazines in 10 to bundle and catalogues in five to a bundle. Also in regard to the Paper Bin at the Village Office. It has been a difficult and time consuming job for many mothers of Brownies and Guides to keep the bin in neat order. Therefore we are asking that all papers, magazines and catalogues that are being taken to the Paper Bin be bundled in the same manner as mentioned for the Paper Drive. These are the only items acceptable for the Paper Bin, PLEASE do not put items such as cereal boxes, envelopes etc. in the Bin.

The L.A. of Gibbons is also in drastic need of anyone with a large truck that would be willing to transport our papers into the city. If anyone can help out in this regard, please call 923-2385.

## THE LAST ROUND-UP (Gibbons Senior Citizens)

A regular meeting was held on September 23 in the Legion Hut. There were 29 members present and five visitors - Mrs. Demers from Fort Saskatchewan, Gladys Evelyn Goodie, Edmonton; Susan Congden, Edmonton and Nettie Johnston from Calgary.

Don Mayne and Jannette Aubin from New Horizons were accompanied by Don's two sons John and Ross

Mayne. We had a very interesting and informative discussion. Don showed slides of senior citizens groups who had been assisted by New Horizons grants. The slides were very good and Don's commentary interesting. Since New Horizons was started in 1972 they have given grants to 700 projects, 357 in Alberta.

Lunch was served to everyone. It was supplied by Emily Oliver, Katie Brande and Sheila Crosbie. Birthday cake was from Winnie Rowsell. September birthdays were Mabel Dawson and Nick and Mary Juse, none of whom were present. However one of our visitors, Mrs. Evelyn Goodie had a September birthday. We sang happy birthday and The More We Get Together.

Following this the roll was

called. Emily then expressed thanks to Jean Blom for some really nice cream and sugar sets she donated to the senior citizens. I understand she also donated some cutlery to the Legion. She read a letter from the Ladies Auxiliary of Rivercrest (Senior Citizens) Lodge, Fort Saskatchewan. They will be holding their annual bazaar, bake sale and tea at Rivercrest Lodge on Monday, October 4th from 7 to 9 p.m. It is hoped members from our club will endeavour to attend.

To round out the afternoon we had a few games of bingo for grocery prizes. Our visitors expressed their thanks and said how much they had enjoyed themselves. We were glad to welcome back Jeannette Petherbridge and to learn Jim is some better.

# Cardiff News

By Florence Vrana  
Last long weekend Harna,  
Helen and Darryl Robinson  
and Mr. and Mrs. Bruce  
McConnell of St. Albert took

a packaged fishing trip to  
Brentwood Bay, Vancouver  
Island. Twenty-six salmon  
and four bass were taken  
with the largest fish weigh-

ing about 8 lbs. While in  
Victoria they visited the  
beautiful Buehart Gardens  
the Museum and enjoyed the  
display of Miniature World  
located at the Empress  
Hotel. A lovely weekend!

Bill and Alma Wood of  
Port Alberni, B.C. are  
presently enjoying an ex-  
tended holiday at the home

of John and Dorothy Saun-  
ders.

Bill and Carrie Rockwell  
and Bill and Hazel McGregor  
enjoyed a second holiday this  
summer. This one was to  
Saskatchewan where they  
visited a niece Fay (Rock-  
well) Huhn and family at  
Humbolt.

They spent two days at

Regina visiting the North  
West Mounted Police Mus-  
seum 1873-1973. This was of  
great interest to them as the  
late John Rockwell, father of  
Bill and Hazel and 10 more  
children had been required  
to travel to Regina as a young  
man in order to join the then  
famous N.W.M.P. Many  
senior citizens of the district  
will doubtlessly remember  
him as a member of the  
force.

Bill McGregor then wan-  
ted to visit Roche Perce, the  
place his father, Alex Mc-  
Gregor, at his first job as  
manager of the Hudson Bay  
Coal Mine, upon arrival in  
Canada from Scotland when  
Bill was only seven. Roche  
Perce was of course a  
mining town at that time but  
is reported to be almost a  
ghost town now.

classes can again be held in  
my basement as it was done  
last winter. Some interest  
has already been shown in  
the following: macramé, cro-  
chetting, alghams and quilting.  
A facework gift was pre-  
sented to Jackie Purdie as  
she, Fred and daughter have  
taken up residence in St.  
Albert, but Jackie assures us  
she wishes to remain a  
member and we can expect  
to see her often, which is  
wonderful.

The next regular meeting  
will be held at the home of  
Marilyn Weiss at 7:30 p.m.,  
on Tuesday, October 26th.

A hearty welcome to Pat  
and Joan Keast who have  
just moved to Cardiff as well  
as to the new residents who  
are now living at the former  
Purdie home and have  
moved their horses there as  
well.

Work is progressing at the  
new subdivision where sur-  
veying crews and the large  
machines can be seen con-  
stantly at work.

## MOOSE SIGHTED

Early one morning last  
week a male moose was seen  
in the open area on a knoll  
directly across from our  
homes a few hundred feet  
from the road. Helen Witter  
reported having seen it as  
well as the school children as  
they left for school on the  
bus. Since then it has been  
sighted several times trav-  
elling steadily northward.

## COMMUNITY CLUB

The meeting of the ladies  
Cardiff Community Club for  
September was held at the  
home of Dorothy Saunders  
on the 29th at which time it  
was decided a bake sale will  
be held sometime in Novem-  
ber. Also, any ladies of  
the community wishing to  
spend some happy hours  
learning a craft or refreshing  
skills they already possess  
this winter, are asked to  
contact me at 939-2063  
stating their choice or choi-  
ces.

If enough interest is shown  
instructions will be arranged  
for through the Sturgeon  
Regional Rec. Board. Until  
other facilities are available.

## Market Days Calendar

MONDAY, OCTOBER 11th FROM 5 P.M. ON - The  
Bon Accord Ag. Society will hold a wind-up market in  
conjunction with the community Thanksgiving Supper  
at the Bon Accord Arena.

SATURDAYS FROM 2 P.M. TO 6 P.M. Farmers Market.  
NOT OPEN SUNDAYS. Gibbons Arena.

Space in this column is open to any community in the  
Sturgeon area holding Market Days during the summer-fall  
season, by contacting the Gazette at 458-2240.

# Morinville Memos

**By Marg Bantz**  
Farmers' Market is still being held every Saturday from 10 a.m. till noon at the Agplex. For fresh produce and reasonable prices, come on down while the market lasts!

Athletics and recreation activities and games for girls and boys begins tomorrow, October 7 at the Sturgeon Regional Rec. (Cunningham School). Girls, all ages, will be held from 6 till 7 p.m., while boys aged 6 - 9 years will be from 7 to 8 p.m., and boys 10 - 12 years will be held from 8 - 9 p.m. Registration fee is \$2.00 or \$5.50 per family.

A Blood Donor Clinic will be held tonight, October 6, from 7 - 9 p.m. at the Morinville Recreation Centre. Canvassers will be around during the month so have your donations ready.

The fall rummage sale, sponsored by the Mothers' Local of Guides and Brownies, has been cancelled. The local was unable to field a full slate of officers this fall. It is hoped that these vacancies will be filled later in the year and that the spring sale can take place as usual.

Ladies Take-a-Break begins Thursday, October 7 from 9 - 11 a.m. at the Sturgeon Regional Rec. (Cunningham School), with quilting. For a list of supplies please call Sherry Taylor at 939-4829.

Ladies basketball and volleyball will be held in Morinville, Wednesday evenings at 8 p.m. at Sturgeon Regional Rec. gym. Registration fee is \$2.00. For further information call Janice or Charlotte at 939-4317.

Hope Ed Kryskow is enjoying his stay at the St. Albert Sturgeon General Hospital. Ed is very well known around town and I'm sure he'll have lots of visitors!

The Ag. Society and Lions Club will be holding their annual "Harvest Fest" on

Saturday, November 6 with music by the Playmates. Tickets will be available soon for Ag. Society or Lions Club members.

On October 12, the town council will be holding their meeting at 8 p.m. at the Town Hall.

The Morinville Hardware is under new management as of Friday, October 1st. Harvey and Brian Atkinson invite you all to come in and see them. Good luck in your new venture boys!

One very reliable farmer was telling me how most of the farmers in this area have their crops in, but there are still a few whose fields have been too wet. Hope the weather will change again and we'll all have a nice fall, especially those who make their living off the land.

Public skating will be held at the Morinville Arena Wednesday, Thursday and Friday this week from 4 till 6 p.m. Weekend public skating times will be posted at the arena.

Sturgeon Minor Hockey League meeting will be held Wednesday, October 13 at 7:30 p.m. at Sturgeon Regional Rec. Coaches or any interested parties are asked to attend.

Children's arts and crafts (boys and girls 6 - 12) begins on Monday, October 18, from 3:45 - 5:45 p.m. for seven weeks at Sturgeon Regional Rec. Building. Fee is \$3.50 per child or \$8.50 per family.

Ag. Society will be having their monthly meeting tonight, October 6 at Sturgeon Regional Rec.

Reader's co-operation in telephoning or bringing in news items is greatly appreciated. Please phone 939-4145 or stop in at 9901 - 99 Avenue (behind Red Roosters) or mail to Box 112, Morinville.

**By Dorothy Dalgault**

After the card party Wednesday the 29th, 20 of our senior citizens made our rendez-vous at the Safari Dining Lounge for supper.

We were shown to our table by the charming Mrs. Barnard. We were served a delicious meal and enjoyed ourselves in the quiet peaceful atmosphere of the lounge. For dessert we were served "Baked Alaska" the Chef's special.

Everyone expressed great pleasure on this outing and most of us enjoyed it more because it was a meal away from home with no dishes to wash. We thank Mr. and Mrs. Barnard for the pleasant reception and the excellent meal.

Attention Senior Citizens of the Rendez-Vous Club we are holding our bake sale and bazaar on November 20th starting at 1 o'clock p.m. Our Christmas party will be held

December 3rd at 8 p.m.

Ladies Curling Club is getting organized for the coming season and would like to hear from any ladies who would like to curl. Phone Hazel at 939-4766 or Mona at 939-3009 to leave your name or obtain further information.

A "Tops" Club is being formed in Morinville by Ruth Gatzky. It will start October 13th at 7 p.m. in the Rec. Centre and will be held every Wednesday. For more information call Ruth at 939-4612.

Last chance to register for figure skating as final arrangements have to be made. Skating is slated to begin mid-October. As in past years, members must purchase a season ticket from the Ag. Society. Call 939-4425 or 939-4231 for further information.

# AWI group finds things to do and see touring Ontario

By Liz McLeod

Sunday, June 13th dawned sunny and bright at 6:30 a.m., to breakfast at 7 a.m., he ready to board our bus (463) at 8 a.m.

We said goodbye to Toronto and went to Oshawa along the north shore of beautiful Lake Ontario, where Ole told us on a Saturday there are as many as a thousand sail boats creating a beautiful picture.

We passed by Belleville enroute to Kingston on the McDonald Carier Freeway 401 and stopped for a coffee break and chance to stretch our legs. We saw the Black Diamond Cheese Factory building and passing through Napanee came to farming areas. We even spotted a muskrat at Rideau Lakes, and when we were approaching Kingston we started one of our many enjoyable sing songs. The population here is 60,500.

The highlight of this afternoon would be getting to Gananoque and the 1000 Island cruise.

We arrived in Gananoque and stopped at the Olde Station House for dinner and now for some history -

Gananoque has a population of 5,200 and claims the oldest railway station in Canada, which is now serving as offices and waiting rooms for boat tours. From a plaque in the old station I copied the following:

"1973 - The First Railway in Canada on the St. Lawrence - 16 miles from LE-PRAIRIE on the St. Lawrence.

The rails were of wood, with flat bars of iron spiked on them - at first horses were used to provide motive power - but soon a wood burning locomotive was in use.

In 1850 Canada had only 66 miles of railway - now it has 42,000 miles."

The ferry was a three decker tour boat, and it was loaded with happy folks on tour, some of whom were a group of Legion ladies on a convention. We became acquainted and really enjoyed their company.

Oh! The beauty of the many islands and some just large enough for someone's summer home or beautiful home to be erected, not to mention a castle! It was an inspiring three hour cruise and we also met a Peter and Evelyn Martineau from Calgary. Pete is presently employed with pipelining in Ontario, and has men from Calahoo and Onoway working for him. Small world.

We boarded the bus again, going through Kingston and on to Smith Falls with its cable factories and other industries. The trees grow just like they've been trimmed - we were all amazed by this.

There were beautiful brick and stone houses, and we even saw the early Russett

fences and one snake type fence - such as is common in B.C.

The Cedar Posts establishment had oodles of chip piles and going through Carleton and beyond were farming areas and we saw a stately stone foundation barn. We couldn't help but notice the tidiness of these farm yards and the buildings all painted and in good repair. People were painting or fixing or working on the land and the cattle had such lush pastures for the most part. The size of the parcels was small and all were neatly fenced and cross fenced. Soon we were arriving in our nation's capital and booked into the comfortable Lord Elgin Hotel for two nights.

In the morning an Ottawa Transport Commission bus was available to us for a driver-lectured sightseeing tour. Ottawa's population is 300,000 and the city is 260 ft.

above sea level - 40% French - 60% English or English speaking - it has the largest bilingual population in North America.

We saw the residence, Stornaway, where Joe Clark now lives, as well as all the 76 Embassies. We were told that Stornaway was Queen Juliana's residence during World War II.

We also saw the Governor General's residence, on Sussex Drive, Sir John A. MacDonald's house, the Royal Canadian Mint, Pierre Trudeau's residence, (I thought we'd like to swim in their pool as it was such a hot day). We saw some of the 200,000 tulips, 15,000 of which are donated annually by Queen Juliana of the Netherlands. Passing a boom bridge being towed by a tug boat along the Ottawa river, we were told it takes three hours to tow this boom one mile, and they come down

the river till October.

The city of Vanier is completely surrounded by Ottawa and its population is 25,000.

The Ottawa river is 700 miles long and Rideau Canal is said to be eight miles long and eight to 12 feet deep, with 47 locks to overcome a 48 foot drop. It is famous for boat tours in summer and skating in the winter. We saw the central experimental farm where they grow flowers, shrubs and trees. All these and animals in Canada are grown or raised here first.

On the canal we saw the Royal Swans and were told there are 70 miles of bicycle paths all around the city. We saw a B.C. Douglas Fir tree that is 125 years old.

When we viewed Parliament Hill we were told it comprised 30 acres of land.

With the afternoon at leisure we went window

shopping up Sparks Street and later went to Murray's for dinner where we had a congenial, bilingual, Jennifer Grossman, (waitress) from Calgary serve us. Jennifer was happy to visit with Albertans. Some of our group had relatives and friends to visit, and really these two days in Ottawa were wonderful in beautiful sunshine.

We also saw Landsdown Park Stadium with 35,000 seating capacity and 30,000 of these are right between the goal lines.

Ottawa had their festival of Spring and there are anywhere up to three million tulips at this show.

Carleton University is huge and specializes in political science among other things. At Prince of Wales Falls we stopped for a group picture.

Next week our sojourn in Quebec City.

## Bon Accord News

By Sadie Allen

The Bon Accord-Gibbons Ambulance and Emergency Service may be discontinued due to a lack of funds and volunteers to man the service. At a public meeting September 29th, a steering committee was formed to try to bolster ambulance and first aid service for the district. It will require \$20,000 to purchase and equip an ambulance which can serve the needs of the area. A week-long blitz has been planned for October 16 - 23 to cover both villages and the surrounding areas. At that time you will be canvassed for volunteer time as well as money. If you have an evening you can spare during that week to help with the canvas, please call C. Sullivan, 921-2392. Country volunteers are especially needed.

Good news for Bingo fans - regular Sunday night bingo's will resume in the Bon Accord Community Centre on October 10 at 7:30 SHARP. \$1.50 gets you two

cards for 20 games including a chance on a \$500 jackpot. Additional cards are 25 cents or five for a \$1.00. Cards for the bonanza game are 25 cents each for a share the wealth prize.

The third Early Bird draw for \$25 on the tickets sold on the 1977 Maverick was made at the Farmers' Market on September 29. Lucky ticket holder was Bruce Pawlicko. Only a few tickets on the car are left. If you are interested in supporting recreation in your community, enjoying a banquet and dance with a possible chance to win a new car including or one of several \$100 prizes, contact a member of the community centre board for your ticket. Only 150 are being sold and the deadline is October 23.

The TOPS Club is alive and well and meets every Tuesday at 7:30 p.m., in the school. For information call Kit Millwood, 921-3742 or Eileen Malanchen, 921-3618.

Cake decorating gets underway in the Bon Accord Community Centre on Tuesday, October 12 at 8 p.m. The course lasts for six weeks and costs \$6.00.

The Fish and Game Association meets in the Bon Accord School at 8 p.m. on Thursday, October 14th.

Thanksgiving Service will be held in Holy Trinity Anglican Church on October 10th at the regular time of 9 a.m.

Congratulations and best wishes to Mrs. Florence Mulligan on the occasion of her 73rd birthday on October 15th.

Congratulations to good students Mike Sullivan and Jacquie Morris, both passing Grade 12 with honours.

John and Margaret Dougherty were guests of honour at a farewell party held Saturday, October 6th in the arena due to the inclement weather. Margaret was presented with a FWUA cookbook and John with a T-shirt inscribed with Bon Accord Soccer by all the soccer boys. The members of the bantam team, who were coached by John presented him with a copper plate with the Alberta Rose in the centre and members of the mens' team presented him with a trophy to show their appreciation of his effort in getting soccer organized.

THANKSGIVING SUPPER

The final Farmers' Market scheduled for October 11 in conjunction with the community sponsored Thanksgiving supper will have some degree of interest for everyone. All the regular vegetable stalls will be open with bulk sales of unwhashed vegetables for winter storage available. Besides that, there will be tables featuring potted plants, petit point jewellery, Regal cards and novelties, macrame hangings and displays, Barbie dolls and clothes, diamond willow articles, home baking. The Golden Gems will be selling Western Lottery tickets, the Ladies Club will have a football pool going and the ACW will be raffling a baby doll complete with wardrobe. Make a date for October 11th at 5 p.m.

Reorganization of the Bon Accord 4H Beef Club will be held at the school on Tuesday, October 12th at 8 p.m. Parents please accompany.

# Alcomdale 4H Report

The Alcomdale 4H Beef Club held its wind-up banquet on Saturday, September 11th with a very good crowd in attendance. The girls and Mrs. Meakin were all presented with lovely fresh flower corsages made by Mrs. Joan Enderton. A delicious roast beef and baked potato supper was prepared and served by the WI ladies. Devvy gave her secretaries report for the year. Dean gave a report on the beef seminar he attended, followed by Hilton on conservation camp.

A big thank you to the following trophy donors and especially those who came to

present them. Grand Champion (Pam Meakin) Alcomdale Community League; Reserve Champion (Devvy Davidson) Falls Farm Equipment; Best Daily Gain (Pam) Char-Kin Farms; Best Carcass Grade (Kim Davidson) Flynn Feeds; Sr. Grooming (Pam) Dan Brenneis; Jr. Grooming (Norine Meakin) Hillcrest Honey Products; Sr. Showmanship (Pam) Lister's General Store; Jr. Showmanship (York Malner) Sale's Auto Repair; Best Calf Judge (Pam) Mr. C. Sim; Grand Champion Heifer (Wade Meakin) Morinville Drug Store; Reserve Champion Heifer (Pam) Brandon Petroleum Sales; Grand Ch-

ampion Cow and Calf (Wade) Mr. and Mrs. Wm. Bychuk; Reserve Champion Cow and Calf (Pam) Quinar Holdings; Most Improved Member (Wade) Mrs. J. Bailly; Best Kept Records (Pam) Royal Bank; Proficiency (Pam) Mike Kobiak.

Special awards were presented by Fred Radke on behalf of the Charolais Association to all champion and reserve winners. Archie Cameron presented the club

with a cheque on behalf of the U.G.G. Mr. Kobiak also presented a cheque. Attendance awards were presented on behalf of the club.

A big thank you to the club leader, Gordon Meakin, for another good year, also to Mrs. Meakin for being his bookkeeper and secretary.

Anyone interested in joining the club when it re-organizes should get in touch with Mr. Meakin or a club member for details and date.

WEDNESDAY, OCTOBER 6 - Red Cross Blood Donor Clinic will be held at the Morinville Recreation Centre from 7 - 9 p.m.

WEDNESDAY, OCTOBER 13 - Sturgeon Minor Hockey League meeting at Regional Recreation Building - 7:30 p.m.

WEDNESDAY, OCTOBER 20 - Mothers' Local Rummage Sale. Articles can be dropped off at the rear of the Morinville Centennial Library. For more information call 939-4565.

OCTOBER 16th - 23rd - One Week Blitz to raise \$20,000 for the Bon Accord-Gibbons Ambulance and Emergency Service.

NOVEMBER 14 - 15 - A Referee's Clinic will be held in Morinville for Levels 2 and 3. Contact Sturgeon Regional Recreation for more information.

## Ducks Unlimited (Canada)

This is the time of magic! The time when first leaves are turning yellow, when the morning air has an exciting fresh and invigorating chill - and the time when ducks and geese begin to gather in increasing numbers on their traditional staging areas in preparation for the southward migration. Here they will linger, loaf, put on extra fat, and sort themselves into flocks of their own kind, until the first real cold weather makes them think seriously of moving south. As we see them gather, it is also a time of warm satisfaction for people working with waterfowl, in knowing we have had another good year, and the ducks have done well, in spite of all the problems that confronted them.

Some ducks have already left, of course. Blue-winged teal were in Mississippi and Louisiana by Labor Day and pintails in Southern California before that. One wonders why they would leave the prairies at this time of bounty, but they always do. Both species are still abundant across western Canada and will be for some weeks yet, but the early, anxious ones have left. In the meantime, every prairie pond seems to have ducks of all species on it.

Migrants have also begun to arrive on the prairies from the North. White-front geese, a few snows and some Canadas appeared in Saskatchewan on August 30 and in Alberta about the same time. Snow geese appeared in south western Manitoba two weeks early.

From Alberta, Ernie Ewaschuk, our provincial biologist, reports:

"The parkland experienced heavy precipitation during the past month. Further south, the grasslands remain dry although occasional storms have been reported this month. The prospect of an early harvest this year has at least been partly set back by the wet weather as ripening crops await cutting. Brood numbers appearing after have been at least average although the general nesting season was early. Good numbers of lesser scaup, ruddy, gadwall and blue-winged teal broods have been observed since then. Late mallards can still be observed in family groups at the end of the month although flight has been attained. The last two weeks have seen blue-wings begin to gather in small groups and mallards and pintails commencing field feeding on a small scale."

## Farm Loans

### Long Term Mortgage Loans

to farmers with well developed plans  
for making their operations  
more profitable.

FOR YOUNG FARMERS UNDER 35 YEARS OF AGE:

1. Loans up to \$150,000.00.
2. Low equity possibilities.
3. Five year phasing-in period.

For all borrowers loans may be secured by other than a first mortgage.

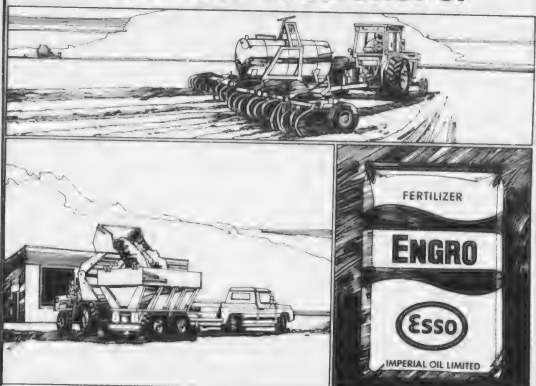

For those 35 years and over the loan ceiling is \$100,000.00.

## I WANT YOUR PROFITS TO GROW. NOT JUST YOUR CROPS.

As the Eso agent in your region, I believe a fertilizer should help profits grow as well as crops.

So you're going to find that Engro in bags or bulk, and anhydrous ammonia, is competitive in price. Which means Engro is going to help your profits and crops grow at the same time.

I have other ways to help your profits grow, too.

Because the wrong type of fertilizer may affect the chance of a better crop, I can use my knowledge, to help you with soil fertilization. I can analyze soil test results, recommend the right chemical grade mix, and advise on bag or bulk purchase. And if I recommend anhydrous ammonia, I can even provide the machinery to apply it.

You see, I believe fertilizers have two jobs. To keep your profits high and your crops growing. And to do that you need a good product at a good price.

So I'll get you a good deal on Engro. Give me a call.
